Igor Novak,* Huiming Jiang, and Branka Kovač: Intramolecular Interactions in Diiodonaphthalenes

Page 483. In column one, lines 8 and 9, the text should read “Comparing UPS data for **2** and **4** gives a TS difference of 0.27 eV.” On line 13, the text should read “are approximately twice as large as in **2** and approximately three times larger than in 1,2-diiodobenzene.”
