Corrigendum

Solitary waves in a two-dimensional diatomic lattice

Behnke G and Büttner H 1981 *J. Phys. A: Math. Gen.* **14** L113–6

The authors would like to make the following correction. The correct formula (11) is:

$$I_m(x) = \sum_{i=1}^{2} \int_{-\pi}^{\pi} dq_2/2\pi B_i(q_2) \exp(-\alpha_i(q_2)|x|) \cos(q_2 m)$$

$$J_m(x) = \sum_{i=1}^{2} (-1)^{i+1} \int_{-\pi}^{\pi} dq_2/2\pi A_1(q_2) \exp(-\alpha_i(q_2)|x|) \cos(q_2 m).$$
