Corrigendum

On the phase transitions in superconductors with quenched impurities.

D I Uzunov, E R Korutcheva and Y T Millev 1984 *J. Phys. A: Math. Gen.* 17 247–51

In equation (4*b*) a term $-(g/n)\varepsilon$ should be added to the RHS.

In equation (7*a*) the last term on the RHS should be multiplied by ε .

On page 250, the expression for F_2 , $-\delta\zeta$ should be removed from within the square brackets.

None of these corrections affect the results or discussion.
