## CORRIGENDUM

### Scaling for period doubling sequences with correlated noise

Fiel D 1987 *J. Phys. A: Math. Gen.* **20** 3209-17

There were three printing errors in this paper.

On page 3215, line 7,  $[1 + (N - 1)/2p]$  should read  $[1 + (N - 1)/2^p]$ .

On page 3216 in equation (16),  $+ \dots +$  should read  $+$ .

At the end of this page the following missing line should be added: 'the negative eigenvalue  $\lambda^{-1}$  since the corresponding eigenvectors are not positive:'.
