Corrigendum

Green's functions for a graphene sheet and a quantum dot in a normal magnetic field

Norman J Morgenstern Horing and S Y Liu 2009 *J. Phys. A: Math. Theor.* **42** 225301

There is an error in the RHS of equation (32), this should read:

$$= \frac{\mathcal{M}}{\pi} \frac{\delta(R)}{R}.$$

On the line after equation (33), $2m\Omega$ should be $2\mathcal{M}\Omega$.

On RHS of equation (35), there should be a factor of 2 in both denominators multiplying π .

On the line below equation (35), there should be a factor of π in denominator $\mathcal{M}/2$.
