We found a bug in the procedure which had drawn figure 2. We display the correct figure.

Figure 2. Partial densities of states projected to the components of d_{xy} , d_{xz} , $d_{3z^2-r^2}$, d_{yz} , $d_{x^2-y^2}$ in an Fe atom for the Fe-full-layer (top), Fe-chain (middle) and Fe-quarter-layer (bottom) on the Pt(111) surface.
