### Electrochemical Engineering

Loughborough University of Technology, April 21 - 23, 1986.

The Chemistry Department of Loughborough University of Technology and the Electrochemical Technology Group of the Society of Chemical Industry (in association with the Electrochemical Engineering Working Party of the E.F Ch E.) is organising a three day international conference on electrochemical engineering to be held on April 21 - 23, 1986, at Loughborough.

Papers are invited on all aspects of electrochemical engineering, but the Organising Committee is particularly interested in receiving submissions in the areas of economics and optimisation of electrochemical processes, energy conversion, engineering aspects of corrosion, cell design and scale-up of electrolytic processes, membrane technology, metal finishing, effluent treatment and water purification.

The closing date for abstracts is 1 July, 1985 and it is intended that the papers should be published as a bound volume.

Further information can be obtained from

Dr S R Ellis, Chemistry Department, Loughborough University of Technology, Loughborough, Leics. LE11 3TU, U K

Mr D G. Winter, Warren Spring Laboratory, Gunnels Wood Road, Stevenage, Herts SG1 2BX, U.K

Dr A. A. Wragg, Department of Chemical Engineering, University of Exeter, North Park Road, Exeter, Devon EX4 4QF, U K.
