

CONFERENCE ANNOUNCEMENTS

Title of Meeting	Location	Date	Further Information from:
Physical Chemistry of Battery Electrodes	University of Southampton, U.K.	December 17 - 18, 1985	Dr. D. Pletcher, Dept. of Chemistry, University of Southampton, Southampton SO9 5NH, U.K.
International Seminar on Rechargeable Battery Systems	Florida Atlantic University, Boca Raton, Florida, U.S.A.	March 3 - 5, 1986	Kay Lioy, Div. of Continuing Education, Florida Atlantic University, Boca Raton, FL 33431, U.S.A. Tel: 305/393-3099
Sixth International Conference on Thermoelectric Energy Conversion	University of Texas, Arlington Texas, U.S.A.	March 12 - 14, 1986	K. R. Rao, Prof. of Electrical Engineering, Box 19016, University of Texas at Arlington, TX 76019, U.S.A. Tel. 817/273-2671.
2nd European Workshop on Electrodeposition: Nuclei Formation and Growth Relationship with Deposit Properties	Brugge, Belgium	April 15 - 18, 1986	Dr. J. Vanhumbeck, Siemens NV, Siemenslaan, B-8020 Oostkamp, Belgium.
Electrochemical Engineering	Loughborough, U.K.	April 21 - 23, 1986	Dr. S. R. Ellis Dept. of Chemistry, Loughborough University of Technology, Loughborough LE11 3TU, U.K.
Third International Meeting on Lithium Batteries	Kyoto, Japan	May 27 - 30, 1986	Prof. Dr. Z. Takehara, Dept. of Industrial Chemistry, Faculty of Engineering, Kyoto University, Sakyo-ku, Kyoto 606, Japan.
International Congress on Corrosion and Electrochemical Behaviour of Metals in Non-Aqueous Solutions	Capri, Italy	June 3 - 6, 1986	F. Bellucci, Istituto di Principi di Ingegneria Chimica, Fac. Ingegneria, Universita di Napoli, Piazzale Tecchio 80125, Napoli, Italy.
15th International Power Sources Symposium	Brighton, U.K.	September 15 - 18, 1986 (provisional dates)	Mrs. S. M. Bourner, I.P.S.S.C., P.O. Box 17, Leatherhead, Surrey KT 22 9QB, U.K.
Seventh Australian Electrochemistry Conference	University of New South Wales, Sydney, Australia	February 12 - 18, 1988	Dr. M. Skyllas-Kazacos, School of Chemical Engineering and Industrial Chemistry, University of New South Wales, P.O. Box 1, Kensington, NSW 2287, Australia.

Papers should be in English, limited to a maximum of 5000 words, and be free from advertising matter. A period for discussion is allocated to each paper, and to accommodate this the papers must be presented in an abbreviated form.

Delegates will be issued with pre-prints of papers in advance of the Symposium, and the complete proceedings will be published in book form as 'Power Sources 11'.

The Symposium Committee will select papers for inclusion from those offered on the basis of the need to provide an attractive programme of a high standard.

Symposium Details

Full details of the Symposium and further advice on submission of papers will be provided at a later date.

L. J. Pearce (Chairman)
International Power Sources Symposium
Committee

Invitation

The 15th International Power Sources Symposium will be held at the Hotel Metropole, Brighton, England, from 8th to 11th September, 1986

Papers are invited on original work relating to research, development or use of non-mechanical power sources, e.g. primary, secondary, or reserve cells, fuel cells, solar cells, thermo-electric and thermionic generators, etc.

Poster Session

The organising committee are planning to include a poster session in the 1986 Symposium. Papers for this session should be shorter than for the formal sessions and be concerned with new developments or investigative techniques that can be presented concisely in the form of a poster approximately 30" x 40". A high standard of graphic presentation will be required. Papers presented in this session will be published in the conference proceedings and specific times will be set aside for discussion of these papers.
