This workshop is jointly sponsored by the F.R.G. Bundesministerium für Forschung und Technologie (BMFT) and the U.S. Department of Energy (DOE). Dr G. Eisenbeiss and Mr R. Dahl, of the Energy Conservation and Renewable Sources, F.R.G. BMFT, and Dr A. Landgrebe and Mr J. Quinn of the Office of Energy Storage and Distribution, U.S. DOE, were instrumental in launching this workshop. We are deeply grateful to Brown, Boveri and Cie, Drs D. Althoff and F. Gross, for hosting this workshop and for the many special functions they are providing. This document was compiled by Ms E. Estand with the help of Mr J. Harmon of Argonne National Laboratory, Mr S. Hauser of Battelle Pacific Northwest Laboratories, and Mr J. Quinn of the U.S. DOE.
