Guide for Authors

Submission of Papers

Authors should submit a **disk** together with **three** copies of their articles (complete in all respects) direct to the appropriate regional Editor at the addresses listed on the inside front cover. Contributions are accepted on the understanding that authors have obtained the necessary authority for publication. Submission of an article must be accompanied by a statement that the article is original and unpublished and is not being considered for publication elsewhere. Unoriginal submissions or unnecessary serialisations of work will not be considered for publication. Upon acceptance of an article by the Journal, the author(s) will be asked to transfer the copyright of the article to the publisher. This transfer will ensure the widest possible dissemination of information.

Disk Preparation

The final text should be submitted on a 3.5" disk (in addition to the hard copies and original figures). Double density (DD) or high density (HD) disks formatted for IBM compatibles or Apple Macintosh are preferred. The files should be saved in the native format of the word processing program used. Most popular word processor file formats are acceptable, though we cannot guarantee the usability of all formats. The disk format, word-processor format, file name(s) and the title and authors of the article should be indicated on the disk. The content of the disk must correspond exactly to the hard copy version of the paper.

Manuscript Preparation

Language. Papers will be published in English. Authors in Japan please note that upon request, Elsevier Science Japan will provide a list of people who can check and improve the English of their paper (*before submission*). Please contact our Tokyo office: Elsevier Science Japan; Editorial Service, 1-9-15 Higashi Azabu, Minato-ku, Tokyo 106, Japan: Tel: +81-3-5561-5032; Fax: +81-3-5561-5045; E-mail: info@elsevier.co.jp. Some flexibility of presentation will be allowed, but authors are urged to arrange the subject matter clearly under such headings as *Introduction*, *Experimental*, *Results*, *Discussion*, etc. All contributions should include a concise, informative *Abstract*, and a maximum of six *Keywords*. References should be numbered consecutively throughout the text and should

be collected together in a reference list (headed *References*) at the end of the paper. All *equations*, *tables* and *legends* should be numbered consecutively and separately throughout the paper. *Illustrations.* Line drawings should be in a form suitable for reproduction. Illustrations can be printed in *colour* when they are judged by the Editor to be essential to the presentation. The publisher and the author will each bear part of the extra costs involved. Further information concerning colour illustrations and the costs to the author can be obtained from the publisher.

Proofs

Authors will receive proofs which they are requested to correct and return as soon as possible. No new material may be inserted in the text at the time of proof-reading. A *Note added in proof* must be dated and the author must have requested and received the Editor's approval.

For the purpose of proofs, a full postal address, telephone number and e-mail address should be supplied for the corresponding author.

Offprints

Twenty-five offprints of each paper will be supplied free of charge to the author(s). Additional offprints may be ordered at prices shown on the offprint order form.

There are no page charges.

Author enquiries

For enquiries relating to the submission of articles (including electronic submission where available) please visit the Author Gateway from Elsevier Science at <http://authors.elsevier.com>. The Author Gateway also provides the facility to track accepted articles and set up e-mail alerts to inform you of when an article's status has changed, as well as detailed artwork guidelines, copyright information, frequently asked questions and more.

Contact details for questions arising after acceptance of an article, especially those relating to proofs, are provided after registration of an article for publication.
