Founding Editors: R. E. Hughes M. J. Sienko A. Wold

Editor 1983-1999: J. M. Honig

Cover figure: (a) CS plane generated by the operation $\frac{1}{2}[110](704)_p$ on perovskite. (b) Enlargement of part of CS boundary showing removal of non-bridging oxygen atoms to generate six-sided channels. (c) Location of Pb atoms in channels showing pyramidal bonds to oxygen atoms and the direction of their $6s^2$ lone electron pairs.
