The 10th European Conference on Solid State Chemistry

Sheffield, England, 30 August to 1 September 2005

The ECSSC is a very successful, well-recognized platform for excellent quality research in solid state chemistry in Europe. Past conferences have attracted some of the best speakers within the solid state chemistry field, and ECSSC-X promises to be no exception. The conference will be held in Sheffield, England, and will run from Tuesday, 30 August 2005 until Thursday, 1 September 2005, with registration taking place at the venue on the Monday evening; a welcome reception will be held on the same evening.
