György Inzelt – Regional Editor for Europe

Published online: 1 May 2003
© Springer-Verlag 2003

It is a great pleasure to announce that Professor Dr. György Inzelt has agreed to become the *Regional Editor for Europe* of the *Journal of Solid State Electrochemistry*. In this way, Professor Inzelt will help the *Editor-in-Chief* to handle the increasing number of manuscripts that are submitted to the journal. Authors may submit manuscripts as usual to the *Editor-in-Chief* or to any *Regional Editor*, including from now on also to Professor Inzelt.

György Inzelt works at the Eötvös Loránd University, Budapest, Hungary. He is very well known for his numerous contributions to electrochemistry, especially in the field of polymer-modified electrodes. Since March 1998 he has been a member of the *Editorial Board* of the journal and supports the *Journal of Solid State Electrochemistry* with a highly admirable energy. It is my great pleasure to take this opportunity to thank György for the fantastic work he has done for the journal so far and I wish him all success for the future!

Fritz Scholz
Editor-in-Chief

Starting from now, manuscripts from Europe may be submitted to:

Prof. Dr. György Inzelt
Department of Physical Chemistry
Eötvös Loránd University
