

## Coming Events

---

### THERMAL ANALYSIS CONFERENCE 1975

The North American Thermal Analysis Society (NATAS) will hold its 5th Meeting at the Trent University, Peterborough, Ontario Canada on June 9th – 11th, 1975. The purpose of the meeting is to discuss theory, new developments and applications of thermoanalytical methods such as DTA, DSC, TG and TMA. Also included will be the less common methods of studying material properties as a function of temperature.

Persons wishing to present papers, or obtain further information, should contact

Mr. Fernand Noel  
NATAS Program Chairman  
Imperial Oil Enterprises Ltd.  
Research Department  
Sarnia, Ontario

### SYMPOSIUM ON THERMAL ANALYTICAL TEST METHODS, PETERBOROUGH, 1975

ASTM Committee E-37 on Thermal Analysis will sponsor a symposium on Thermal Analytical Test Methods, to be held on June 12–13, 1975 at Trent University, Peterborough, Ontario, Canada, as part of a thermal analysis week. The North American Thermal Analysis Society (NATAS) annual meeting and Committee E-37 spring meeting will fill the earlier part of the week. Address all inquiries about the symposium, including offers of papers (which should be limited to 20 minutes),
