

CALL FOR NOMINATIONS FOR ICTA AWARDS

Nominations are requested for candidates for the ICTA DuPont and Young Scientist Awards which will be presented at the next International Conference on Thermal Analysis in Jerusalem, Israel. 21–26 August 1988.

The DuPont Award

This consists of a plaque, an honorarium of 1000 US Dollars, and expenses to attend the Jerusalem meeting. It is awarded to a person who has, in the judgement of the Awards Committee and Council of ICTA, made an outstanding contribution to the science of thermal analysis and/or shown significant leadership to the profession of thermal analysis. Nominations should include the consent of the candidate, curriculum vitae, list of publications, and other relevant supporting material. Five copies of the nomination portfolio should be provided.

Young Scientist Award

This consists of a plaque and necessary financial support to attend the Jerusalem meeting. Candidates, who must be under 35 years of age as of 31 December 1988, should submit the paper that they intend to present at the meeting, together with a list of publications and a short curriculum vitae. The paper must be in English and the candidate must be the sole author. Five copies of the documentation should be provided.

Nominations for both Awards should be received by 30 September 1987 by:

INTERFLAM '88**4th International Fire Conferences**

ORGANISED JOINTLY BY INTERFLAM CONFERENCES LTD
AND THE FIRE RESEARCH STATION,
IN ASSOCIATION WITH THE ROYAL INSTITUTE OF BRITISH ARCHITECTS

(22–24 March 1988, Churchill College, Cambridge, England)

Research Into Practice The theme of Interflam '88 will be
RESEARCH INTO PRACTICE and its objectives are:

- to bring together for a residential, international conference, fire engineers, scientists, architects and others concerned with the design and construction of buildings and transport;
- to present new developments in understanding fire and its effects;
- to bridge the gap between research and its practical application and to show how the results of international fire research can offer opportunities for innovative design;
- to establish better understanding between those involved in fire research and its practical application.

Call for Papers The Conference organisers invite prospective authors to send the title of Papers or Posters reflecting the Conference theme to be considered for inclusion in Interflam '88. Intending delegates are also asked to send their names and addresses so that registration forms and further details of Interflam '88 can be sent in due course. A News-Letter, Interflam News, will be published to give up-to-date information on Interflam Conferences.

Intending authors and delegates should write to:
