**Professor Barbara Pacewska**

Date of birth: 03.12.1946

Nationality: Polish

Civil status: married, son and daughter

*Education*

Degree(s) or Diploma(s) obtained:

Chemical Engineer at Warsaw University of Technology, MSc 1969

Doctor of Chemistry at Warsaw University of Technology, PhD, 1978

Specialized Doctor's Degree at Łódź University of Technology, DSc, 1993

*Membership of professional bodies*

Member of International Confederation for Thermal Analysis and Calorimetry (ICTAC);

Member of the Academy of Sciences of New York, USA;

Member of the Board of Polish Society for Calorimetry and Thermal Analysis;

Member of the Board of Polish Chemical Society Chairman of Division in Płock;

Other skills: Computer skills, Economics – Supervisory Boards

Present position: Associate Professor, Director of Institute

Key qualifications: Chemical Engineer, Economics – Supervisory Boards

*Professional experience record*

Researcher: 1970 at Warsaw Technical University of Technology Branch at Płock, Institute of Chemistry

Senior Researcher: 1970–78 Head of Inorganic Chemistry Laboratory at the same place

Senior Assistant Professor's: 1978–96, at the same place

Head of Inorganic Chemistry Laboratory, Assistant Professor: 1996– up to now at the same place

Vice-director of Institute, Associate Professor: 1996–97, at the same place

Director of Institute, Associate Professor: 1997–to date, at the same place.

*Others*

Fields of lecturing and scientific interests:

- Inorganic chemistry;
- Thermal analysis;
- Chemical technology of petrochemical industrial wastes;
- Utilization of solid wastes;

*Publications*

One research book, over 50 scientific papers, 120 reports at national and international conferences, 47 research projects.
