Sequence Specific Fluorescence Detection of Double Strand DNA [*J. Am. Chem. Soc.* **2003**, *125*, 1195–1202]. Victor C. Rucker, Shane Foister, Christian Melander, and Peter B. Dervan*

Page 1202. The Supporting Information Available paragraph was not included in the published version of this paper. See below for the description of the Supporting Information for this paper.

Supporting Information Available: Experimental details and figures depicting the synthetic schemes for **3** and **15**, emission profiles for **1–6**, fluorescence values for data in Table 1, and footprinting gels for **3** and **2**. This material is available free of charge via the Internet at <http://pubs.acs.org>.
