

Zwitterionic Ring-Borylated *ansa*-Chromocene Complexes [*J. Am. Chem. Soc.* **2002**, *124*, 10996–10997].
Piet-Jan Sinnema, Pamela J. Shapiro,* David Min Jin Foo, and Brendan Twamley

Page 10996. The boron reagent shown in Scheme 1 is incorrect. $[\text{H}(\text{OEt}_2)_2][\text{BAr}_4]$ should actually be $\text{B}(\text{C}_6\text{F}_5)_3$, as specified in the text.
