

Correction to “Quantification of the Effect of Conformational Restriction on Supramolecular Effective Molarities”

Harry Adams, Elena Chekmeneva, Christopher A. Hunter,* Maria Cristina Misuraca, Cristina Navarro, and Simon M. Turega

J. Am. Chem. Soc. **2013**, *135*, 1853–1863. DOI: 10.1021/ja310221t

Page 1859. Equations 6 and 9 contained errors. The correct equations that were used to calculate the values of EM reported in the paper are given below.

$$K_{\text{obs}} = K_0(1 + 8K_{\text{ref}}EM + 12(K_{\text{ref}}EM)^2) \quad (6)$$

$$e^{-\Delta\Delta G^\circ/RT} = 1 + 8K_{\text{ref}}EM + 12(K_{\text{ref}}EM)^2 \quad (9)$$
