

Correction to “Concise Total Synthesis of (+)-Lyconadin A”

Takuya Nishimura, Aditya K. Unni, Satoshi Yokoshima, and Tohru Fukuyama*

J. Am. Chem. Soc. **2011**, *133*, 418–419. DOI: 10.1021/ja109516f

S Supporting Information

Supporting Information, pages S4 and S17. The ^{13}C NMR spectrum of compound **7** was improperly manipulated in the originally published Supporting Information to obscure peaks corresponding to solvent and other impurities. The stored sample of **7** was reanalyzed, and the corrected list of the peaks and the unaltered spectrum are included in the revised Supporting Information.

Supporting Information, pages S24, S26, S32, and S34. The ^1H NMR spectra of compounds **11**, **12**, **16**, and **2**, respectively, were improperly manipulated to obscure small peaks corresponding to solvent and other impurities. The stored samples were reanalyzed, and the unaltered spectra are included in the revised Supporting Information.

The changes do not affect any of the conclusions of the article.
