

Correction to “A Genetically Encoded Spin Label for Electron Paramagnetic Resonance Distance Measurements

Moritz J. Schmidt, Julia Borbas, Malte Drescher,* and Daniel Summerer*

J. Am. Chem. Soc. **2014**, *136*, 1238–1241. DOI: 10.1021/ja411535q

Page 1240. In the caption of Figure 3D, the allocation of the two colors is interchanged. Correctly stated, the distance distribution corresponding to panel C is shown in red, and the theoretically predicted distance distribution is shown in black.
