

Correction to “Direct Catalytic *N*-Alkylation of Amines with Carboxylic Acids”

Iván Sorribes, Kathrin Junge, and Matthias Beller*

J. Am. Chem. Soc. **2014**, *136*, 14314–14319. DOI: 10.1021/ja5093612

Page 14315. The authors regret that the structure of one of the ligands shown in Table 1, 1,1,1-tris(diphenylphosphinomethyl)ethane (**5d**), was depicted incorrectly. The correct structure of ligand **5d** is shown below.
