The Stage Is Set, the Scene Laid

SOON after your receipt of this issue of OIL & SOAP, members of the American Oil Chemists' Society will be journeying to Chicago to attend the Society's Sixth Annual Fall Meeting, to be held at the Congress Hotel in that city on October 20 and 21.

A Program of much more than passing interest has been arranged. Many scientific and technical papers have been offered and the Committee promises a Meeting of topnotch calibre professionally. Arrangements have been made by many of the leading manufacturers of supplies and apparatus to present exhibits of their wares in the Florentine room of the Congress Hotel, where the meeting will be held.

Entertainment features will include a bowling tournament, luncheon, visits to the Planetarium, the World's Fair Grounds, and to industrial plants. There will be special entertainment for the ladies. Do not miss the Meeting. It will repay the time and cost manyfold.

Abstracts

The Journal Committee has decided to add a section of Abstracts in our journal, OIL & SOAP, with a view of increasing the value of this publication to our members and subscribers.

Mr. M. L. Sheely has agreed to act as Abstract Editor on Soap and Soap Products, and Messrs. W. F. Bollens and R. E. Kistler will serve in the same capacity on Oils and Fats.

We will be glad to have abstracts from any of our members covering articles which are of interest to our readers.

Oversight

We sincerely regret that the error in the notice of the passing of Mrs. C. B. Cluff, of Cincinnati, was not corrected in the September issue. This notice appeared on page 188 of the August issue, giving the address as Chicago. The notice should have read Wyoming, Ohio, a suburb of Cincinnati. We offer our humble apologies to Mr. C. B. Cluff for any annoyance this oversight may have caused him.

THE EDITORS.
