

The A. O. C. S. Annual Bowling Tournament

THURSDAY, October 12 was the date of the A.O.C.S. social evening at the Medinah Michigan Avenue Club. This year the Annual Bowling Tournament was preceded by a dinner attended by over 125 A.O.C.S. members and friends. After dinner a bridge party entertained those who did not care to bowl. The A.O.C.S. had exclusive use of the bowling alleys at the club for the evening and in spite of the bridge party competition, entries in the five man, singles and doubles play totaled fifty-seven.

The big prize, the new Amaizo Challenge Cup, was the cause of a hard fought battle between eight five man teams. By the end of the second game the real competition had narrowed down to three teams, Lever Bros. Co., American Maize Prod. Co., and the Swift & Co., Premiums. The result was in doubt until the last ball was rolled when it was found that the Lever Bros. team had rolled the highest three game series with a total of 2570 pins. The American Maize Products "Amaizos" were second with 2541 and the Swift & Co. "Premiums" third with 2507. The "Amaizos" who rolled the high series for the past three seasons presented no alibis for their defeat. However, it came out that Thursday, October 12 was the 25th anniversary of the American Maize Products Company and all employees had spent the day at a picnic. While we have furnished the "Amaizos" with an alibi, our private opinion is that the Lever Bros. Co. team deserved their victory. The high score this year was 94 points higher than that of the winner of last year's tournament. A list of the teams entered and their scores follow:

	1st game	2nd game	3rd game	Total

In the doubles event, F. Frankenfield teamed with I. Cecileski won with a total score of 1052 for three games. In the singles, I. Cecileski was again the winner with a score of 564 for the three games.

Consolation, lowest 3 games, 263. Prize—carton cigarettes. Winner—R. D. Oilar.

Some of the bowling was spectacular for its accuracy and some was even more spectacular for its lack of direction. Chief among the "gutter ball" rollers was Rosier D. Oilar who finished up with a 263 for three games, winning the consolation prize. He was not allowed to carry away the prize without some tough competition from H. Hoffman and L. B. Kilgore, however, who totaled 276 and 282 respectively for three games.

The winning five man team of Lever Bros. Co. is to be congratulated on the possession of the Amaizo Cup for the coming year. Apologies of the Committee are extended to those who would have liked to bowl, but were prevented by the lack of sufficient alleys. The Committee also wishes to thank all those contributing to the success of the Tournament. We are already looking forward with pleasant anticipation to the 1934 Tournament which is to be held during the next Fall Meeting.—A. E. King.
