

AMERICAN OIL CHEMISTS' SOCIETY

37th ANNUAL MEETING, NEW ORLEANS, LOUISIANA

May 15, 16 and 17, 1946

THE 37th Annual Meeting of the American Oil Chemists' Society will be held May 15-17, 1946, at New Orleans. In connection with this meeting the Technical Program Committee is endeavoring to arrange a program of papers which will be of the widest possible interest and value to the members of the Society. In addition to the general technical sessions it is planned to have several symposia including one on "Fats and Proteins in Human and Animal Nutrition." Participation in this symposium is open to all members who wish to contribute to the subject.

We would like to invite any member who is contemplating making public the results of research in the field of fats and oils and related subjects to participate in the technical program. At the right is a blank form for your convenience in submitting information on the paper to be presented.

In order to be able to prepare the printed program and abstracts in advance of the meeting it is necessary to place a limiting date on the receipt of notice of the contributor's intention to participate in the program. You are therefore urged to notify the Technical Program Committee of the title of your contribution by April 1, 1946 and to forward an abstract thereof not later than April 15, 1946.

Plans for the New Orleans annual meeting of the Society are being handled by the following committee, of which Col. H. P. Newton is chairman: program, A. M. Altschul; publicity, James A. Kime; registration, T. H. Hopper; annual dinner, K. S. Markley; golf tournament, Frank G. Dollear; hotel reservations, S. T. Bauer; printing, E. A. Gastrock; and ladies' entertainment, Mrs. James A. Ganuchau.

NEW ORLEANS is still a port of embarkation and disembarkation for the Armed Forces, and a large number of rooms are daily reserved by all hotels for military personnel. In order to keep occupancy fluid military commanders and hotel managers have agreed on a 5-day limit for all reservations. The situation is rugged, but the local committee is making every effort to obtain comfortable accommodations for all who wish to attend. Single rooms are not available.

Technical meetings and general sessions will be at the Roosevelt Hotel. In requesting a reservation,

APPLICATION FOR PARTICIPATION IN TECHNICAL PROGRAM

Title of Paper :

.....

.....

Author(s) :

Company or Institution :

To be presented by :

Equipment needs (please check) :

Blackboard : Standard Lantern Slide Projector :

Others :

.....

Applications should be received before April 1, 1946.

An abstract of the paper not to exceed 300 words in length should accompany this application. All abstracts must be received before April 15, 1946.

Please send to :

DR. A. M. ALTSCHUL, Chairman
Technical Program Committee
Southern Regional Research Laboratory
2100 Robert E. Lee Boulevard
New Orleans 19, Louisiana

please indicate a second choice as rooms are available in the following hotels: Roosevelt, Jung, St. Charles, Monteleone, New Orleans, and DeSoto. Send request to Col. Harry P. Newton, 2100 Robert E. Lee Boulevard, New Orleans 19, La. A confirmation will be sent indicating the hotel where a reservation has been made. Hotel managers ask that date of arrival and date of departure be indicated.

To insure consideration your request for accommodations must be received by May 1 since unassigned rooms will be returned to the hotels on May 4.

Interesting and varied entertainment for the ladies is planned. In requesting hotel reservations please indicate if a lady accompanies you. The Annual Golf Tournament and other entertainment in pre-war style are assured.

A. Falek, director of AUGUSTE PELLERIN Ltd., margarine manufacturers of Southampton, England, was a visitor in the national headquarters of the American Oil Chemists' Society on February 1, 1946. He had been in Chicago for several weeks and was about to leave for the East.
