

Students Converge on Urbana This Month for Short Course

AUGUST is the month for the second annual short course, and the special week is the 15th to the 19th when research chemists and others from all parts of the United States and from several foreign countries converge on Urbana and the University of Illinois, which is joint sponsor with the American Oil Chemists' Society in conducting the refresher lectures on the production and processing of edible fats. More than 150 students have been enrolled, and the faculty numbers about a dozen experts in the oil and fat industry. Chairman of the Education Committee for the Society is J. P. Harris, manager of the Chicago office of Industrial Chemical Sales, division of West Virginia Pulp and Paper Company.
