## Announce Exhibitors For Cincinnati Meeting in Fall

PREPARATIONS for the 26th annual fall meeting of the American Oil Chemists' Society are well under way, with N. A. Ruston of Emery Industries Inc. as general chairman. It will be held in Cincinnati, October 20-22, 1952 at the Netherland Plaza hotel. Registration will be from 8:30 a.m. until 4:30 p.m. on October 20 and 21, and tickets for special events may be obtained when registering.

The Netherland Plaza and the Terrace Plaza hotels have set aside 500 rooms for those attending the convention, and more rooms will be available if early reservations indicate that they are needed. Since however there are indications of a very large attendance, reservations should be made as soon as possible, direct with the hotels.

The two plant inspection trips are both scheduled for Tuesday, October 21, at 1:30 p.m.: Emery Industries Inc. or the new Miami Valley research laboratories of Procter and Gamble.

MRS. PROCTER THOMSON, ladies' chairman, writes the Journal as follows: "The Ladies' Entertainment Committee of the Cincinnati meeting cordially invites all of the chemists' ladies to visit with us in Cincinnati in October. Cincinnati's seven hills are beautiful in their autumn colors in October. The weather is usually our best. At this time of year the mood in Cincinnati is comparable to Paris in the spring.

"The committee is planning some delightful diversions which we hope you will plan to participate in and enjoy while your oil chemists are being treated to the technical talks. The committee will endeavor to satisfy as many of your diversified interests as possible. We shall plan for those who wish to have arrangements made and shall aid those who wish to be free to seek out their own entertainment. So do plan to be with us in October in Cincy at the A.O.C.S. convention. Watch for specific plans in the next issue of the Journal."

AS of July 15 the list of exhibitors who have signed up for the Cincinnati fall meeting, according to H. K. Hawley, chairman of the Exhibits Committee, is as follows:

Fisher Scientific Company  
American Mineral Spirits Company  
Hercules Filter Company  
Glyco Products Company  
Wurster and Sanger Inc.  
Central Scientific Company  
Kimble Glass Division,  
Owens-Illinois  
Laboratory Equipment Company

Atlas Powder Company  
Harshaw Scientific Company  
Distillation Products Industries  
Bausch and Lomb Optical Company  
A. S. LaPine and Company  
Moisture Register Company  
L. A. Salomon and Bro.  
Blaw-Knox Company

Program chairman for the Cincinnati meeting is R. C. Stillman of Procter and Gamble Company, who

is asking everyone who wishes to present a paper to communicate with him as soon as possible.

The banquet will be held Tuesday, October 21, in the air-conditioned Pavilion Caprice of the Netherland Plaza, with an orchestra. Monday evening there will be an "Over the Rhine" program, which is a unique Cincinnati institution.

Various committees will meet during the convention, and the Governing Board will hold its semi-annual session on Sunday, the 19th, with President E. M. James in charge.

## Correction

In the list of names of the Official Referee Chemists, published on page 20 of the July 1952 issue of the Journal of the American Oil Chemists' Society, the address given for C. A. Lathrap under the heading of Certificates Reading on Oil Cake and Meal and Fatty Oils is incorrect. The line should read thus: C. A. Lathrap, Curtis and Tompkins Ltd., 236 Front street, San Francisco, Calif.
