Drying Oil Papers to Have One Session

ONE of the features of the 27th annual fall meeting of the American Oil Chemists' Society, to be held in Chicago, November 2-4, 1953, at the Sherman hotel, will be a half-day session on drying oils. This is tentatively scheduled for Monday afternoon, November 2, according to C. G. Moore of the Nubian Paint Company, Chicago, who will preside.

Among the early commitments for technical papers are these: "Intra- and Inter-Polymerization of Heat-Bodied Oils" by D. H. Wheeler and R. F. Paschke, General Mills Inc., Minneapolis, Minn.; "Ozonization of Oils" by N. L. Carrick, University of Michigan, Ann Arbor; and "The Effect of Estolide Content on Drying Properties of Dehydrated Castor Oil" by W. von Fischer, Case Institute of Technology, Cleveland, O. In addition, the laboratory of Archer-Daniels-Midland Company, Minneapolis, has promised a paper.

The subject of drying oils will be covered at the student session on Tuesday afternoon by Wouter Bosch, chairman of the Paint School of North Dakota Agricultural College, Fargo, N. D., who will speak on opportunities for the graduate student in the drying oil industry.

Other subjects and their Chicago chairmen, respectively, for the fall meeting are as follows: industrial processes—H. C. Black, Swift and Company; soaps and detergents—E. L. Boley, Armour Auxiliaries; fatty acid derivatives—H. J. Harwood, Armour and Company; fats in animal feeds—H. R. Kraybill, American Meat Institute Foundation; salad dressings, margarine, etc.—S. J. Rini, Kraft Foods Company, Glenview, Ill. K. F. Mattil, Swift and Company, is in charge of the student session. H. T. Spanuth, Wilson and Company, is program chairman.

General chairman of the fall meeting is A. F. Kapecki of Wurster and Sanger Inc., Chicago. Mrs. R. W. Bates will be ladies' chairman. In charge of exhibits will be R. H. Rogers Jr. of Swift and Company, Union Stock Yards, Chicago 9, Ill.

Herman Mark, head of the Division of Polymer Chemistry, POLYTECHNIC INSTITUTE, Brooklyn, N. Y., received the 1953 Honor Scroll of the New York Chapter of the American Institute of Chemists at the annual meeting in the Hotel Commodore on May 21, 1953.
