## Correction for H. M. Teeter

Through what appears to be a printer's transposition of lines on page 89 of the 1955 membership directory of the American Oil Chemists' Society, the listing for H. M. Teeter has been mixed up with that for H. D. Tefft. Mr. Teeter is still with the Northern Utilization Research Branch of the U.S.D.A. in Peoria, Ill., and still lives at 1711 Columbia terrace, Peoria. He was an abstractor for the Journal from 1945 to 1948.

Governing Board Raises  
Price of Methods to \$10

AMONG the actions taken by the Governing Board of the American Oil Chemists' Society on October 9, 1955, at the Bellevue-Stratford hotel, Philadelphia, with W. A. Peterson presiding was approval of an increase in the price of the basic book of Methods, including Revisions to date, to \$10.

Authorization of the 1956 membership directory, adoption of an \$85,000 budget for 1956, further study of the issuance of a membership certificate, and approval of emeritus status for E. C. Ainslie were other actions of the Board.

## POSITION WANTED

Chemist with more than 20 years' experience in the technology of edible fats and oils, now employed, desires position in either control, research, production, or sales. Can furnish an extensive number of references. Prefer midwest or southern location. Write to Box 260, American Oil Chemists' Society, 35 E. Wacker drive, Chicago 1, Ill.

## CHEMIST: B.S. OR M.S. DEGREE

Knowledge of fats, oils, and fatty acids desirable. Work in laboratory on research and development of fatty acids. Please state age, experience, and general information related to background. All replies will be held in confidence. Location in Memphis, Tenn. Write to Box 259, American Oil Chemists' Society, 35 East Wacker drive, Chicago 1, Ill.

## WANTED

Facilities or location or installation with or without caustic refining equipment for the refining of cottonseed oil. Must have water facilities for loading barges and tankers, including necessary land tank storage. If such facilities are available in the Texas gulf area, please write Box 261, American Oil Chemists' Society, 35 E. Wacker drive, Chicago 1, Illinois.

## RESEARCH CHEMIST

for basic studies in fatty oil chemistry. M.S. or Ph.D. preferred. Some previous experience desired. Sherman, Texas location. Contact Technical Director,

**MRS. TUCKER'S PRODUCTS**  
 Division of Anderson, Clayton & Co.  
 Sherman, Tex.

## WANTED

## Research Chemists

Distillation Products Industries Division has openings in long-range research and application studies in edible oil chemistry. Seeking recent doctoral man with strong organic background plus training in chemistry of fats, fatty acids, and esters. Some experience in food technology, especially shortenings desirable. Also interested in B.S.-M.S. man with some similar experience.

Write to Business and Technical Personnel Department, Eastman Kodak Company, 343 State Street, Rochester 4, New York.
