

Illini Union Building

### More Speakers Named for 1955 Short Course

In addition to the almost complete list of speakers published in the May issue of the Journal, the others are now announced by S. E. Tierney, program chairman for the 1955 short course, the seventh to be sponsored by the American Oil Chemists' Society. It will be held at the University of Illinois August 1-5, in cooperation with the Extension Division. Theme will be Analytical Techniques.

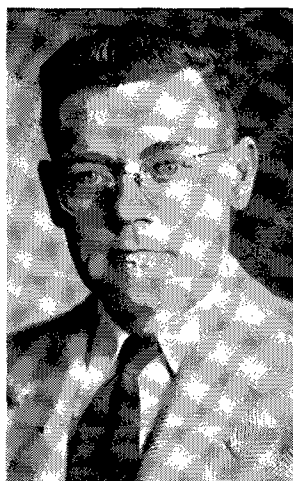

Final speaker detail is as follows: for Monday afternoon, August 1, H. M. Smith, Southern Cotton Oil Company, Chicago, on melting, solidification, and consistency; for Tuesday morning, Emery C. Swanson, Pillsbury Mills, Springfield, Ill., on performance testing; for Thursday afternoon, Lewis Malter, Beckman Instruments, Chicago, on instrumental analysis, automation.

The registration fee of \$50 is payable in advance to the Society office, 35 E. Wacker drive, Chicago 1. About \$35 for room and board will be payable to the university during the course, but room reservation forms should be filled out in advance and sent to the Society. These forms and application forms for the course may be obtained from the Society office.
