

More Enroll in 1958 Short Course in East

INTEREST in the 1958 short course on syndets (synthetic detergents) and soaps, scheduled for July 14-18 at the Princeton Inn, Princeton, N. J., is indicated by the quickening pace of registrations, according to the national headquarters of the American Oil Chemists' Society. Enrollments as of mid-April, in addition to the names published in the April issue of the Journal, are for the following:

- A. C. McArthur, Canada Packers Ltd., Toronto, Ontario
- Herbert D. Berge, Colonial Sugars Company, Gramercy, La.
- Samuel Culier, Chemical Division of Canada Ltd., Montreal
- D. H. R. Francis, Stepan Chemical Company, Chicago
- Norman A. Jacobson, S. C. Johnson and Son Inc., Racine, Wis.
- E. J. Black, Stepan Chemical Company, Chicago
- W. J. Crepeau, Stepan Chemical Company, Chicago
- Herbert L. Sanders (speaker), Stepan Chemical Company, Chicago
- David W. Crookall, Atlas Refinery Inc., Newark, N. J.
- Lloyd V. Hassel, Armstrong Cork Company, Lancaster, Pa.
- E. Roy Taylor Jr., E. I. du Pont de Nemours and Company Inc., Philadelphia

The fee is \$120, payable in advance to the Society at 35 E. Wacker drive, Chicago 1, Ill. This covers room from Sunday evening through Thursday night and board from Monday morning through Friday noon, also the registration fee.

Assignment to double rooms at the Princeton Inn (air-conditioned hotel) will be made in advance by the Society office, and students are asked to indicate their choice of room-mate, if any, when registering.

Program information, as relayed by Foster D. Snell, chairman, indicates that Vincent C. Meunier of Rohm and Haas, Philadelphia, will speak on "Fatty Alcohols," also that the fourth paper on Thursday will be given by S. Siggia of General Aniline and Film Corporation, Easton, Pa., on "Recent Advances in the Analysis of Syndets and Soaps." This latter is a change from "Analytical Application Stressing the Newer Methods" by E. W. Blank and R. M. Kelley of the Colgate-Palmolive Company, Jersey City.

Plant trips during the short course will be as follows: three trips to the Port Ivory plant of Procter and Gamble, Staten Island; four trips to the Eastern Regional Research Laboratory, Philadelphia; four trips to the research laboratories, General Chemical Division, Allied Chemical and Dye Corporation, Morristown, N. J.; two trips to the research laboratories, General Aniline and Film Corporation, Easton, Pa.; and four trips to the Atlantic Refining Company, Philadelphia.

The respective chairmen of the five days are W. A. Peterson, Colgate-Palmolive Company, Jersey City, N. J.; S. D. Gershon, Lever Brothers Company, Edgewater, N. J.; Donald Price, New York consultant; Morris Mattikow, Refining Uninc., New York; and J. C. Harris, Monsanto Chemical Company, Dayton, O.

New Members . . .

Active

- Richard W. Atwood, plant manager, Pilot California Company, Los Nietos, Calif.
- Graham Barker, technical sales, Emulsol Chemical Corporation, New York, N. Y.
- Robert Henry Bedford, director, Research and Development, Pacific Processing Corporation, Terminal Island, Calif.
- Russell A. Broxholm, research chemist, Distillation Products Industries, Division of Eastman Kodak, Rochester, N. Y.
- Warren M. Chapin, chief chemist, Linseed Oil Manufacturing Department, Sherwin-Williams Company, Cleveland, O.
- Paul J. Dingwall, quality control, Finished Products, Edible, E. F. Drew and Company, Boonton, N. J.
- Clayton Edward Hathaway Jr., chemist, Archer-Daniels-Midland Company, Minneapolis, Minn.
- H. E. Huber Jr., sales manager, Process Plants, Girdler Process Equipment Division, Louisville, Ky.
- Agne Johnsson, assistant plant manager, AB Karlshamns Oljefabriker, Karlshamn, Sweden
- William Joseph McPherson, assistant project engineer, Wurster and Sanger Inc., Chicago, Ill.
- Ray E. Moser, chemical engineer, A. Daigger and Company of California, Los Angeles, Calif.
- Thomas B. Richey Jr., chemical engineer, N. I. Malstrom and Company, Brooklyn, N. Y.
- Wayne C. Schar, chemist, Esso Research and Engineering Company, Enjay Laboratories, Linden, N. J.
- James R. Taylor, chemist, Swift and Company, Chicago, Ill.
- John C. Trask, chemist, Reynolds Metal Company, MeCook, Ill.
- James O. Wheeler, assistant to the Hydrogenation Group superintendent, Wesson Oil and Snowdrift Company Inc., Memphis, Tenn.

Individual Associate

- George Earl Kuss, pilot plant operator, HumKo Division, Memphis, Tenn.
- Peter John Shortway, technician, E. F. Drew and Company, Boonton, N. J.

Corporation Associate

- Professional Tape Company Inc., John Nerad, president, Riverside, Ill.
- Overseas Merchandise Inspection Company Ltd., San Francisco, Calif.

Appoint to Committees

Alfred Blankenship of the Wesson Oil and Snowdrift Company Inc., New Orleans, has been appointed to the Refining Committee of the American Oil Chemists' Society by D. L. Henry, chairman, and confirmed by the president, H. C. Black. Appointed to the Advertising Committee by the chairman, A. E. MacGee, and confirmed are E. F. Daly, Hercules Filter Corporation, Oak Park, Ill., and J. C. Harris, Monsanto Chemical Company, Dayton, O.

Publish Memphis Report in June

Coverage of the 49th annual meeting of the American Oil Chemists' Society will be found in the June issue of the Journal. Because of the dates, April 21-23, coverage could not be arranged in time for the May issue.

A revised edition of the 24-page catalog, "Esters by Glyco," is available from GLYCO PRODUCTS COMPANY, New York, N. Y.
