

1958 Short Course Opens July 14

JULY 14 marks the opening date of the five-day short course on syndets and soaps which the American Oil Chemists' Society will conduct at the Princeton Inn, Princeton, N. J., with Foster D. Snell of the Foster D. Snell Laboratories, New York, as chairman. Registrations in early May were nearing 50.

Additional enrollments since the listing in the May issue of the Journal are as follows:

- Harold B. Conant, Charles Pfizer and Company Inc., Brooklyn, N. Y.
- Harry T. Zika, Union Carbide and Chemicals Company, S. Charleston, Va.
- R. L. Goode, Colgate-Palmolive Company, Jeffersonville, Ind.
- Donald S. Hirtle, Hilton-Davis Chemical Company, Division of Sterling Drug Inc., Cincinnati, O.
- Leslie C. Wizemann, National Aniline Division, Allied Chemical and Dye Corporation, New York, N. Y.
- W. Ramsay Christian, Nopec Chemical Company, Harrison, N. J.
- Richard C. Witte, Procter and Gamble Company, Cincinnati, O.
- Warren B. Stanton, Wyandotte Chemicals Corporation, Wyandotte, Mich.
- Leonard L. Lingo Jr., Wesson Oil and Snowdrift Company Inc., Chicago, Ill.
- Carlo Nocka, Enjay Company Inc., Elizabeth, N. J.
- Edward J. Wickson, Esso Research and Engineering Company, Linden, N. J.
- Bror J. Grondal, Salem Oil and Grease Company, Salem, Mass.
- Robert A. Pritchett, Tennessee Corporation, College Park, Ga.
- Edward A. Cross, Texas Company, Port Arthur, Tex.
- A. J. Startz, Texas Company, Port Arthur, Tex.
- Willis J. Beach, Sugar Beet Products Company, Saginaw, Mich.
- Donald Williams, Huntington Laboratories Inc., Huntington, Ind.
- Robert H. Dhonau, Emery Industries Inc., Cincinnati, O.
- Henry Ramos, Texas Vegetable Oil Company, San Antonio, Tex.
- Irving Kaplan, Olin Mathieson Chemical Corporation, New Haven, Conn.

Assignment to double rooms at the Princeton Inn, which is in an air-conditioned hotel, will be made in advance by the Society office, and registrants are asked to indicate their choice of room-mate, if any, when enrolling. The fee is \$120, payable in advance to the Society at 35 E. Wacker drive, Chicago 1, Ill. This covers room from Sunday evening through Thursday night and board from Monday morning through Friday noon, also the registration fee.

Plant trips are set up as follows: three trips to the Port Ivory plant of Procter and Gamble, Staten Island; four trips to the Eastern Regional Research Laboratory, Philadelphia; four trips to the research laboratories, General Chemical Division, Allied Chemical and Dye Corporation, Morristown, N. J.; two trips to the research laboratories, General Aniline and Film Corporation, Easton, Pa.; and four trips to the Atlantic Refining Company, Philadelphia.

As completed in recent weeks, the program is now arranged as follows:

MONDAY, JULY 14

Chairman—W. A. Peterson, Colgate-Palmolive Company, New York
