The Governing Board will meet Sunday at 2 p.m., with R. W. Bates presiding. Other committees will meet during the four-day period, and a business session of the Society is subject to call.

• 35 Years Ago

In Vol. II, No. 2, of the Journal of Oil and Fat Industries (1925) the editor, Herbert S. Bailey, made his first report on the Journal since it was "metamorphosed" from the Chemists' Section of the Cotton Oil Press in July 1924. There were 325 subscribers on an international basis.

George S. Jamieson and Walter F. Baughman contributed an article entitled "The Chemical Composition of California Olive Oil."

The lead editorial announced the annual convention, to be held May 11-12 in New Orleans.

To Offer Translation

The Optical Society of America, 1155 Sixteenth street N.W., Washington 6, D.C., has recently undertaken the translation and publication of the Russian journal, Optika i Spektroskopiya, with the help of a grant-in-aid from the National Science Foundation. This is being distributed free to all OSA members, and it is available to nonmembers in a package deal with the Journal of the Optical Society for \$25 a year.
