

Completes Short Course Program

ANNOUNCEMENT of two more speakers completes the program arrangements for the 1960 short course on edible fats, to be held at the University of Illinois, Urbana, July 25-27, by the American Oil Chemists' Society. These two, according to L. R. Dugan Jr., chairman, are R. O. Feuge of the Southern Regional Research Laboratory, New Orleans, on the Production of Specialty Edible Fats; and J. K. Kirk of the Food and Drug Administration, Washington, D. C., on Food and Drug Laws as Viewed by Regulatory Agencies.

R. R. Allen

G. Y. Brokaw

Information about the other speakers may be noted in the May issue of the Journal. Fee for the course will be \$65, payable in advance to the American Oil Chemists' Society at 35 E. Wacker drive, Chicago 1, Ill. Housing and meals will be paid to the university on arrival. Lectures, housing, and meals will all be in Garner hall, in a new complex of buildings at the university, with R. T. Milner of the food technology department and R. K. Newton of the Extension Division in charge.

Registrations for the course (as of early May) are as follows:

Merlin J. Andera, Rath Packing Company, Waterloo, Ia.
 Russell D. Bitting, Union Bag-Camp Paper Corporation, New York
 Lawrence F. Culkin, Allfresh Food Products Inc., Evanston, Ill.

Another opportunity to enrol in the course is being offered by a mailing to the membership, with registration form and information about complete program.

Open Smalley Season for 1960-1961

YOU ARE INVITED to participate in the Smalley analytical program, to be conducted between September and March. Simply place an order for the samples desired, and forward with the proper remittance. *Only one set of any one series of samples will be sent to a single laboratory.*

Order forms should be filled out legibly and completely, according to the samples desired, and mailed to the American Oil Chemists' Society, 35 East Wacker drive, Chicago 1, Ill. The proper remittance must be enclosed with your order. Place orders promptly since none will be accepted after October 1. Additional order forms may be obtained upon request to the chairman.

Detailed instructions for collaborators will be mailed in August by the subcommittee chairmen.

The following samples are available at the prices shown:

Series	Number of samples	Price per set
Cottonseed.....	10	\$18
Soybean.....	10	11
Peanut.....	7	9
Oil seed meal.....	15	17"
Vegetable oil.....	6	21
Drying oil.....	6	7
Tallow and grease.....	5	13
Edible fat.....	5	7
Glycerine.....	5	7

* Plus \$1.50 if first-class mailing is desired.

Chairmen of the Smalley subcommittees are the following:

R. T. Doughtie Jr., U.S.D.A., Box 8145, Memphis 4, Tenn., oil seed
 W. J. Miller, Procter and Gamble Company, Box 201, Cincinnati 24, O., oil seed meal
 J. P. Hewlett, Archer-Daniels-Midland Company, Box 839, Minneapolis 40, Minn., vegetable oil
 J. V. Anderson, Minnesota Linseed Oil Company, Minneapolis 21, Minn., drying oil
 J. R. Harrison, Rath Packing Company, Waterloo, Ia., tallow and grease
 K. H. Fink, Food Res. Dept., Armour and Company, Chicago 9, Ill., edible fat
 T. J. Baldwin, Procter and Gamble Company, I.T.C., Cincinnati 17, O., glycerine

WILLIAM J. MILLER, chairman
 Smalley Committee

Notice to Authors

THE PROPOSAL to have each paper include an abstract at the beginning was approved by the Journal Committee of the American Oil Chemists' Society at the Dallas meeting April 5, 1960, according to A. R. Baldwin, editor. It is requested that all papers submitted to the Journal after July 31, 1960, have such an abstract. The purpose is to enable readers or literature searchers to determine whether they should read the article. It will replace the summary formerly used in Journal papers. Consequently it should summarize the important findings of the article.
