MYVAPACK®  
Vitamin  
A

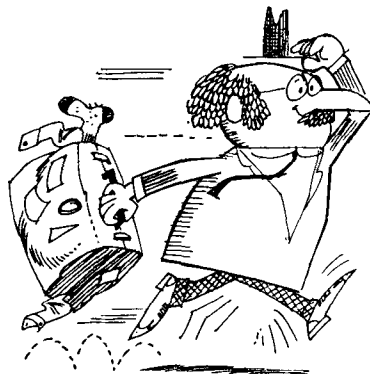

They've got a real thing about the vitamin A that comes in color-coded batch-size cans. Custom blended if desired—the vitamin A with vitamin D as well as carotene and “Vegetone” color.

Having been in this business for a quarter-century, we've compiled a great deal of information about vitamin A fortification of foods. We're always happy to share it.

If you're attracted to the idea, get in touch with **Distillation Products Industries, Rochester, N.Y. 14603** (Division of Eastman Kodak Company). Sales offices: New York and Chicago. West Coast distributor: W. M. Gillies, Inc.
