

42nd Fall Meeting Close at Hand

Mini-Girl to Host Mini-Exhibit

The Fund-Raising Committee announces selection of Jeanine Barreres as hostess for the Mini-Exhibit at the forthcoming American Oil Chemists' Society Fall Meeting, October 20-23, at the Statler-Hilton Hotel in New York.

Jeanine Barreres

Mrs. Barreres, who came to the United States from Belgium several years ago, is the wife of Spanish born artist, Domingo Barreres. Presently they live in Boston, where Mr. Barreres is an instructor at the Boston Museum of Fine Arts. His paintings hang in several galleries and are in private collections. Mrs. Barreres, in addition to her duties as housewife and mother of a 3-year-old, manages George's Follies, a unique gift shop in Brookline, Massachusetts.

Jeanine Barreres is uniquely fitted for her position as hostess of the Mini-Exhibit. In addition to being a very attractive young lady, she is fluent in French and Spanish, besides having some speaking knowledge of several other languages. She will thus be able to assist all who will visit the first Mini-Exhibit to be sponsored by the American Oil Chemists' Society, particularly the large number of foreign visitors who are expected. Mrs. Barreres will also assist with registration for the Meeting.

Quick & Quakenbush Form Qclub!

Noting that the new AOCS Membership Directory lists but 8 members whose last name begins with "Q," F. W. Quakenbush, Professor of Biochemistry at Purdue University and W. J. Quick, President of Chemtex Products, Inc., recently announced the formation of the "Que Qubed Qclub" with the symbol "Q³" in order to "promote, propagate and propagandize" names beginning with the letter "Q." It is already an international organization with one member coming from Singapore, Malaya and another from Berkeley, California.

Quick and Quakenbush have sent out a call for all "Q's" to attend the AOCS Fall Meeting in New York City where they will meet for lunch on Tuesday, October 22, and in the words of the organizers will "quietly quaff in a quiescent atmosphere."

In order not to be charged with discrimination they have also invited all members and guests at the convention whose first names begin with "Q" and all those (they must be legion) who would like to have their names changed to a "Q," in order to obtain the distinctiveness that is associated with that letter.

All those interested should contact W. J. Quick at the Statler Hilton on Monday, October 21. If the phone is busy call back or leave a message!

New York, Statler-Hilton Hotel
October 20 to 23, 1968

COMMITTEE MEETINGS

SATURDAY - 10/19/68

Biochemical Methods (Sub-Committee) 3 p.m. - 7 p.m. Village Room

SUNDAY - 10/20/68

Lipids Advisory & Editorial Board 9 a.m. - 12 p.m. Boston Room
Examination Board 10 a.m. - 12 a.m. Albany Room
