

President's Club and Honor Roll

The members listed have qualified for either the AOCs President's Club or President's Honor Roll. All current members who successfully recruit at least one new member qualify for Club membership. Successful recruitment of at least three new members is the qualification for the more prestigious Honor Roll. All Club and Honor Roll members will receive further recognition and the opportunity to participate in other special programs and activities. Special forms for use in recruiting new members are available from AOCs headquarters.

The word is *PEEP*

In mid-January, a mailing to all current AOCs members kicked off the new AOCs membership development campaign, a special drive to enroll current members in the AOCs President's Club and Honor Roll. For the first time in several years, the Society is attempting to enlist the help of its members to rebuild the membership rolls to and beyond previous peaks. To date, the response has been encouraging. If present trends continue and if members actively participate in the program, new active members will swell the roster to a new record in a reasonably short period of time.

President Robert T. O'Connor has pointed out that one of the responsibilities of membership is the recruitment of new members. The President's Club and Honor Roll affords each member an opportunity to help the Society grow and to gain acceptance at the same time.

The first listing of Club and Honor Roll members and of new AOCs members whose applications are in hand appears on page 100A of this issue. Cumulative Club and Honor Roll listings will be published monthly. In addition to this list of recognition, special national meeting activities and other programs are being planned for those who qualify.

Be sure to *PEEP* at the lists on page 100A. If your name isn't there, it should be. Then *PEEP* at your colleagues. If they're not members, they are prime targets for your own efforts to bring new members to the Society. If you *PEEP* loud enough and long enough about the Society and its programs, your nonmember colleagues will see why they should become actively involved.

Special *PEEP* brochures and application blanks are available in any quantity you need from James Lyon, Executive Director, 508 South Sixth, Champaign, Ill. 61820.

One new membership qualifies you for the *President's Club*. Three or more and you qualify for the *Honor Roll*. Get to work and help AOCs grow!
