

Additional chairmen announced for Spring Meeting symposia

Additional chairmen of symposia for the Spring Meeting, to be held in Dallas, April 27-30, 1975, have been announced. Lincoln Metcalfe, ArmaK Co., McCook, Ill., has agreed to chair the "Detection and Determination of Trace Contaminants of Fats, Oils, and Fatty Acids" Symposium. Winifred Cort, Hoffmann-LaRoche, Nutley, N.J., will be chairwoman of the Symposium on "Antioxidants: Their Application, Usefulness, and Mechanism in Fat and Oils Systems."

In addition, Richard Henry, Spectra-Physics Corp., Santa Clara, Calif., will chair the "High Pressure Liquid Chromatography of Lipids and Related Substances" Symposium. Although Orville S. Privett originally was scheduled to be chairman of this symposium, he has resigned.

Henry plans to cover the equipment available in a morning session and then applications of high pressure liquid chromatography in an afternoon session. For those with specific questions, there will be three small discussion groups at the close of the symposium.

Metcalfe is planning at least a half day program on the topic of trace contaminants, with a longer symposium if sufficient speakers are available.

A Symposium on "Metabolism of Triglycerides" also has been planned; however, no chairman has been announced.

Those wishing to present papers are reminded that abstracts must be submitted to: Thomas H. Smouse, Anderson Clayton Foods, P.O. Box 63, Richardson, Tex. 75080, by December 1, 1974. ■
