

Applewhite, Khym in vice presidential race

The AOCS has had an illustrious history and is by far the most productive source for the presentation of scientific information in the field of fats, oils, and lipids. In view of this, the AOCS membership has been increasing steadily and its composition consists of a wide variety of disciplines.

The scope of the Society has become more international. The diversification of the technical programs and publications is a contributing factor in attracting international members, and we should continue to encourage wider participation in this area. With the ample variety of members, how best can our Society meet the needs of the individual so that his membership is valuable to him and not just a membership in another organization? The Society knows where it has been. I believe that we should endeavor to improve our communications with the local sections and encourage local technical seminars, which will stimulate interest in attending and participating in the annual technical meeting now that the Society has structured a "one-meeting-a-year basis." It is imperative that we find ways we can best use the talents of our members to provide information, not only to each other, but also to the ever changing world society, of which we are a part.

If I am chosen by the members to serve them, I will pursue a program of action to stimulate the activity of our technical committees, insure financial strength and growth, and maintain open communications to the needs of all the segments of our Society.

F.P. Khym

F.P. KHYM (1944): Manager, Finished Food Products Plant, Anderson Clayton Foods, Monterrey, Mexico. Certificate of Industrial Engineering, Morgan Park College; attended Armour Institute of Technology; advanced work, University of Chicago. Formerly employed by Armour and Co. Thirty-seven years experience in fats and oils industry. AOCS: National Secretary, 1975; Member, International Relations Committee; Chairman, Local Section Committee; Chairman, Meetings Planning Committee; General Chairman, Mexico City Spring Meeting, 1974; Director, first Latin American Short Course on Fats and Oils, 1967; Monterrey Section Consultant. President, American Chamber of Commerce of Monterrey, Mexico; Treasurer, Instituto Mexicano Norteamericano de Relaciones Culturales; Rotary member; former President and Board Member, American School Foundation of Monterrey; former President, American Society of Monterrey.

Over the years, the leadership of the AOCS has continually recognized the dynamic nature of our Society. This recognition has led to new approaches strengthening services to our membership and their associated industries, government agencies, and academic institutions. Greater emphasis has been placed on the needs of the diverse disciplines represented by the AOCS, not only through our journals, but in our local and national meetings, short courses, and committee structures. This diversity of interest is one of our strengths, and the programs serving and communicating with all AOCS members should be continued and nurtured.

If selected to serve the membership, I will support the strengths of the AOCS instituted in the past. Also, working as a team with your other elected representatives, I will strive to carefully review and assess current and proposed programs so that the membership will continue to be served and represented by a strong, responsive, responsible Society.

—T.H. Applewhite

T.H. APPLEWHITE (1959): Manager, Edible Oil Products Laboratory, Kraftco Corp., Research and Development, Glenview, IL. B.S., 1953, Ph.D., 1957, California Institute of Technology. Research Chemist, Dow Chemical Corp.; Research Chemist and Investigation Head, Western Regional Laboratory, USDA, 1959-67; Research Director, Pacific Vegetable Oil Corp., 1967-69. Author of over 35 publications and patents. AOCS: Chairman, World Conference on Oilseed and Vegetable Oil Processing Technology, 1976; Member-at-Large, Governing Board, 1975; Associate Editor, 1967-; Member, Publications Committee, 1967-71, 1973-; Member, Society Improvement Committee, 1971-73; Member, Program and Planning Committee, 1969-71; General Chairman, Spring Meeting, 1969; Member, Drying Oils Committee, 1967-69; Member, Safflower Seed Analysis Committee, 1967-69; Member, Membership Committee, 1964-65; Northern California Section Officer, 1962-65, Chairman, 1964.

Candidate for president:

F.B. White

F.B. WHITE (1948): Manager of International Operations and Coordinating Manager, Process Plants Division, Foster Wheeler Energy Corp., Livingston, NJ. B.S. and Masters, Chemical Engineering, Princeton University; Professional Engineer License, University of State of New York; New Jersey State Board Professional Engineer License. Formerly employed by Sylvania Industrial Co. AOCS: Vice-President, 1975-76; Treasurer, 1974-75; Chairman, Finance Committee, 1971-; Chairman, Public Relations Committee, 1970-; Member, Environmental Control Committee, 1970-; Member, International Relations Committee, 1968-; Member, Communications Committee, 1968-70; Member, Hotel Selection Committee, 1950-51, 1956, 1970; General Chairman, Fall Meeting, 1968; Member, National Meeting Planning Committee, 1966; Special Far East Representative, 1963-66; Hotel Chairman, New York Convention, 1960; Member, Membership Committee, 1953; Member, Advertising Committee, 1952; Lecturer, Short Courses, 1952, 1956, 1970; Northeast Section President, Symposium Chairman, 1972. Fellow, American Institute of Chemical Engineers.

Perkins, Jacobson bid for secretary

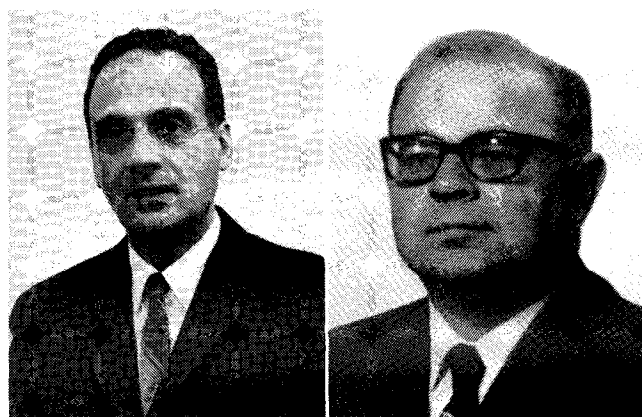

G.A. JACOBSON

E.G. PERKINS

G.A. JACOBSON (1953): Division Head, Basic Research Department, Campbell Institute for Food Research, Camden, NJ. B.S., 1948, M.S., Chemistry, 1949, Kansas State University; Ph.D., Food Science and Biochemistry, University of Illinois, 1953 (F.A. Kummerow, Major Professor). Research Chemist, Swift and Co., 1953-56. Research publications in chemical measurements of fat flavor, chemical and biological changes in frying fats, and physical and chemical changes in fats and oils during interesterification. Patents on crystal modification of fats and natural antioxidants. AOCS: Member-at-Large, Governing Board, 1974-75; Chairman, Fall Meeting Publicity Committee, 1974; Executive Chairman, Membership Committee, 1973-; Member, Program Planning Committee, 1973-; Member, Nominating Committee, 1973; Member, Flavor Standards Subcommittee, 1968-; Member, Finance Committee, 1970-73; Technical Program Chairman, Fall Meeting, 1971; Chairman, Fall Meeting Finance Committee, 1966; Northeast Section Governing Board, 1973-75.

E.G. PERKINS (1957): Professor of Food Chemistry and Environmental Toxicology, and Member of Nutritional Science Faculty, Department of Food Science, University of Illinois, Urbana, IL. B.S., 1956, M.S., 1957, Ph.D., 1958. Research Chemist, Armour & Co., 1958-1962. Author of numerous papers and articles on: analytical methodology; isolation and characterization of organic compounds from biological sources; chemistry and analysis of foods and lipids; their organic and biochemical reactions, especially the chemistry of lipid oxidations; lipid biochemistry and nutrition; effects of food processing on proteins; applications of gas chromatography-mass spectrometry to analytical problems; development of methodology for the determination of residues in foods. AOCS: Member, Membership Committee, 1975; Short Course Chairman, 1973, 1974; Chairman, Instrumental Techniques Committee, 1973; Member, Education Committee, 1972; Member, Monograph Committee, 1971; Chairman, Monograph Committee, 1973; Member, Publications Committee, 1970; Associate Editor, 1970; Member, Book Review Committee, 1968; Member, Abstracting Committee, 1958; Editor, 2nd AOCS Monograph, "Analysis of Lipids and Lipoproteins"; Member, Finance Committee, 1971-1973; Member, Biochemical Methods Committee. Member: American Chemical Society, American Chemical Society Division of Organic Chemistry, American Chemical Society Division of Agriculture & Food Chemistry, American Institute of Nutrition, The American Association for the Advancement of Science, The Colblentz Society, The American Society for Mass Spectrometry, The Society for Applied Spectroscopy, Sigma Xi, Gamma Sigma Delta, Institute of Food Technology.

D. FIRESTONE

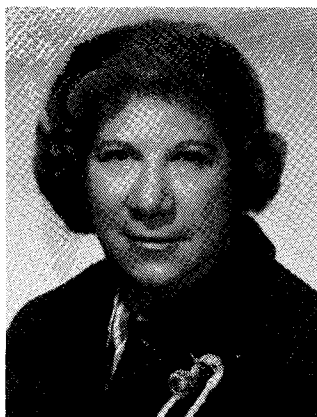

N. PELICK

D. FIRESTONE (1955): Research Chemist, Division of Chemistry and Physics, Bureau of Foods, Food and Drug Administration, Washington, DC. B.S., chemistry, City University of New York, 1948; M.S., chemistry, Polytechnic Institute of Brooklyn, 1951; Ph.D., organic chemistry, George Washington University, 1969. AOCS: Treasurer, 1975-; Member-at-Large, Governing Board, 1974; Member, Uniform Methods Committee, 1974-; Member, Instrumental Techniques Committee, 1960-; Member, National Program and Planning Committee, 1966-70, 1972-; Member, Award in Lipid Chemistry Canvassing Committee, 1972-73; Member, Program Committee, AOCS-AACC Joint Meeting, 1968; Lecturer, Short Courses, 1966 and 1967. Member: American Chemical Society, Association of Official Analytical Chemists.

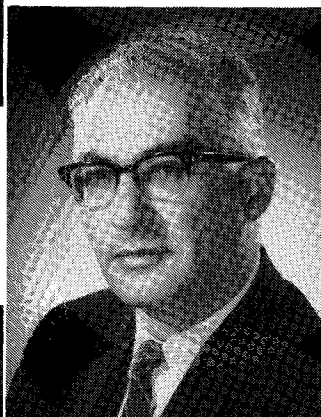

N. PELICK (1962): Chairman of the Board, Supelco, Inc., Bellefonte, PA. B.S., 1959, M.S., 1964, Pennsylvania State University. Fields of interest: (A) separation and purification of natural fat compounds from animal, plants, and bacteria; (B) gas and thin layer chromatographies of lipids; and (C) isolation and identification of glycosphingolipids. Author of 12 publications in the field of lipids and two patents for thin layer chromatography apparatus. AOCS: Member, Board of Directors, AOCS Foundation, Treasurer, 1973; Chairman, Education Committee, 1972; Chairman, Biochemical Methods Committee, 1971, 1969; Cochairman, Education Committee, 1970; Cochairman, Biochemical Methods Committee, 1970; Member, Lipid Award Committee, 1964-65, Chairman, 1966; Lecturer, 1974, 1973, 1970, 1964 Short Courses; Cochairman, 1972 Short Course; Chairman, Local Arrangements Committee, 1966 Short Course; Chairman, Local Arrangements Committee, 1964 Symposium; Northeast Section Member. Member: National Research Council, National Academy of Sciences on Lipids.

Firestone, Pelick vie for treasurer

candidates

R.B. ALFIN-SLATER

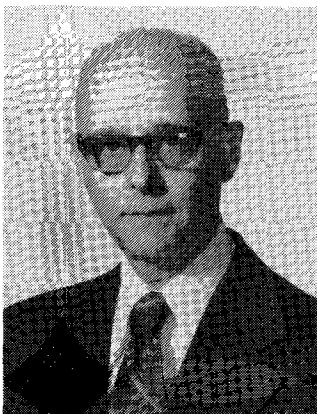

V.K. BABAYAN

H.J. DUTTON

L.D. McCLUNG

E.M. SALLEE

N.O.V. SONNTAG

R.B. ALFIN-SLATER (1954): Professor of Biological Chemistry, School of Medicine, University of California, Los Angeles, CA. A.B., chemistry, Brooklyn College, 1936; A.M., chemistry, Columbia University, 1942; Ph.D., biochemistry, Columbia University, 1946. Author of more than 150 publications in scientific books and journals. Major areas of research interest: Biochemical and nutritional aspects of lipid metabolism, with special emphasis on the relationships between cholesterol and essential fatty acid metabolism; nutritional evaluation of saturated vs. unsaturated fats; carbohydrate-lipid interrelationships; cholesterol absorption; essential fatty acid-vitamin E interrelationships; experimental atherosclerosis; nutritional, biochemical, and pathological effects of aflatoxin administration. Winner, 1970 Osborne-Medal Award from the American Institute of Nutrition for "excellence in basic research" and Fall 1973 Bond Award. AOCS: Area Chairman, National Program Committee, 1971-; Member, Awards Canvassing Committee, 1968; Member, National Planning Committee, 1961-64; Member, Editorial Board, *JAOCs*, 1958-60; Associate Editor, *Lipids*, 1972-; Southwest Chapter Program Chairman, National Convention, 1959; Southwest Chapter President, 1959, Secretary, 1956, 1957, 1958. Member: American Association for the Advancement of Science (Fellow), American Heart Association Council on Arteriosclerosis (Fellow), American Institute of Nutrition, American Public Health Association (Fellow), American Society of Biological Chemists, Delta Omega, Greater Los Angeles Nutrition Council, International Platform Association, International Society of Cardiology, Iota Sigma Pi (Honorary Chemistry Society for Women), New York Academy of Sciences, Pacific Slope Conference, Phi Sigma (Honorary Biological Sciences Fraternity), Sigma Xi, Society for Experimental Biology and Medicine, Society for Nutrition Education (Charter Member, 1970).

V.K. BABAYAN (1948): Vice-president, Research and Development and Quality Control, Stokely-Van Camp, Inc., Indianapolis, IN. B.A., Chemistry, 1938, and postgraduate work, 1938-43, New York University. Director, Laboratories, Drew Chemical Corp., 1962-65; Director, Research and Development, E.F. Drew and Co., 1949-62; Chief Chemist, Theobald Industries, 1948-49; Director, Research and Development, Ridbo Laboratories, 1941-48. Author of

(Continued on next page)

numerous articles and patents concerning various aspects of nutrition, fats and oils, and fatty derivatives. AOCS: Member, AOCS Foundation Board of Directors; Member, Membership Committee, 1970-; Member, Methods Committee; Chairman, various seminars and symposia; Member, Honored Student Award Subcommittee, 1973-. Member: American Chemical Society, Institute of Food Technology, American Association of Cereal Chemists, National Canners Association, American Frozen Food Institute, Institute of Shortening and Edible Oils, R&D Associates, New York Academy of Science, American Association for the Advancement of Science, Association of Research Directors, Chemists' Club.

H.J. DUTTON (1945): Chief, Oilseed Crops Laboratory, Northern Regional Research Center, ARS, USDA, Peoria, IL. B.A., 1936, M.A., 1938, Ph.D., 1940, University of Wisconsin. Chemist, Oscar Mayer and Co., 1936-1941; Research Chemist, Western Regional Research Laboratory, 1941-1945; Head, Chemical and Physical Properties Investigations, Northern Regional Research Center, 1945-1974. Author of over 200 publications and patents. Glycerine Research Award, 1956; Superior Service Awards, 1952, 1956; AOCS Awards 1954, 1962; L.B. Johnson Presidential Special Merit Award, 1966; Alton E. Bailey Award, 1968; Award in Lipid Chemistry, 1969; 3rd Hilditch Memorial Lecturer, 1971. AOCS: Member, *Lipids* Editorial Board.

L.D. McCLUNG (1955): Quality Control Manager, Best Foods Division, CPC International, San Francisco, CA. B.A., University of California, Berkeley, 1950. AOCS:

Chairman, Northern California Section, 1967, 1974; Program Chairman, 60th Annual Meeting, San Francisco, 1969; Chairman, Awards Administration Committee, 1971; Member, Nominating and Election Committee, 1974; Chairman, National Planning and Program Committee, 1974-76.

E.M. SALLEE (1953): Section Head, Analytical Services, Product Development, Ivorydale Technical Center, Procter & Gamble Co., Cincinnati, OH. B.Ed., Western Illinois State University, 1940; Ph.D., Iowa State University, 1948. AOCS: Member, Instrumental Techniques Committee, 1958-1964; Member, Fat Analysis Committee, 1958-1968; Chairman, Uniform Methods Committee, 1974-, Member, 1960-1974; Editor, AOCS *Official and Tentative Methods*, 1958-1971; Chairman, Fall Meeting Committee, 1975, Member, 1957, 1965.

N.O.V. SONNTAG (1953): Director of Research, Glyco Chemicals, Inc., Williamsport, PA. B.S., 1948, Ph.D., 1951, Polytechnic Institute, Brooklyn. Fields of research: fatty acids research and development, fatty chemicals, hydantoin chemicals, emulsifiers, food from fats, synthetic fatty acids, fatty acid chlorides, amides, esters, halogenated fats and derivatives. Group Leader, 1960-67, Emery Industries; Associate Manager, Chemicals Research, 1960-67, National Dairy Research and Development Division. AOCS: Member-at-Large, Governing Board, 1975-; Member, AOCS Foundation, 1974-; Chairman, Program and Planning Committee, 1971-73; Member, Fatty Nitrogen Committee; Member, Analytical Committee. Member, American Chemical Society.

Post Meeting Trips After New Orleans

AOCS, in cooperation with Doddson Travel, offers a choice of two post meeting tours after the 1976 Spring meeting in New Orleans. These are described briefly below. More detailed information is available from AOCS Post Tours, c/o Marlene Kibler, Doddson Travel, 505 S. Neil, Champaign, IL 61820.

Option 1: 7-Day Cruise to Mexico

Leave New Orleans on the S.S. *Freeport* at midnight Saturday, April 24, 1976. Vacation in style aboard with superb food of all kinds and a variety of special shipboard activities planned in the Mexican style. Stops at historic Veracruz and the beautiful Yucatan peninsula (Merida) with time for sightseeing and shopping. Prices range from \$329 for an inside berth, lower deck, to over \$500 for upper deck outside cabins and suites. Prices are per person, double occupancy.

Option 2: 5 Days/6 Nights Golfing in Biloxi

For a per person charge (double occupancy) of approximately \$140, you can play golf and otherwise enjoy Biloxi's famous Broadwater Beach Hotel resort. Included are 6 days' greens fees, 5 breakfasts and 5 dinners, room, and a variety of extras. The Broadwater Beach is a great all-round resort.

Both tours have limited space available. Act now!
