PEOPLE

Dr. Arthur W. Adamson, professor of chemistry at the University of Southern California, has won the 1979 American Chemical Society Award in Colloid or Surface Chemistry sponsored by The Kendall Company **William T. Bennett** has been named to the new position of vice president, planning and systems, for Armour-Dial Company **Dr. Henry Benoit**, director of Centre de Recherches sur les Macromolécules in Strassbourg, France, has been named winner of the 1979 American Chemical Society Award in Polymer Chemistry sponsored by Witco Chemical Corp. Foundation **Charles E. Buckingham** is new president of the American National Metric Council **Dr. Daniel R. Berger** has been promoted to technical director for the organic chemicals division of The Richardson Company **Dr. Velmer A. Fassel** of Iowa State University is the winner of the 1979 American Chemical Society Award in Analytical Chemistry sponsored by Fisher Scientific Company **Dr. Evan C. Horning**, director of the Institute for Lipid Research at Baylor College of Medicine, is 1979 winner of the American Chemical Society Award in Chromatography sponsored by Supelco Inc. . . . **Amory Houghton Jr.**, board chairman and chief executive officer of Corning Glass Works, has been nominated for election to the Proctor & Gamble board of directors **Prof. James A. Ibers** of Northwestern University has won the 1979 American Chemical Society Award in Inorganic Chemistry sponsored by Monsanto Company **Dr. Santi Kulprathipanja** has joined UPO Inc. as a research chemist at the corporate research center in Des Plaines, IL, to research carbohydrate and fatty acid separation **Ralph S. Langner** has been named technical specialist for Dow U.S.A. Health and Environmental Research **Prof. Earl L. Muetterties** of Cornell University is winner of the 1979 American Chemical Society Award for Distinguished Service in the Advancement of Inorganic Chemistry, sponsored by Mallinckrodt Inc. . . . **Dr. Anthony Polack** has joined UOP Inc. as a research physicist in Des Plaines, IL **Prof. Roger S. Porter** of the University of Massachusetts has been named recipient of the 1979 American Chemical Society Award in the Chemistry of Plastics and Coatings, sponsored by the Borden Foundation **Charles T. Rivett** has been named a field engineer for equipment installation, operator training and plant start-up for the solvent extraction division of French Oil Mill Machinery Co. . . . **Dr. John D. Roberts**, California Institute of Technology, is winner of the 1979 James Flack Norris Award in Physical Organic Chemistry sponsored by the American Chemical Society's Northeastern Section **P.C. Muth**, managing director for Vippy Solvex Products Private, Ltd., has received the Udyog Patra award from the vice president of India for his work in founding and expanding Vippy, a producer of soy meals, soy oil and edible soy flour .

PLACES

Condea Chemie GmbH has placed an order with **Lurgi Kohle und Mineraloltechnik GmbH** for a fatty alcohol production plant capable of producing 30,000 tons per year from natural raw material. . . . **PSI Process Systems Inc.** of Memphis will do the engineering for a 50% increase in capacity at **Cargill's** Soybean Oil Extraction plant at

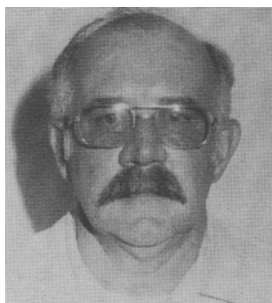

Chicago, including renovation of the bean preparation and extraction facilities and including installation of a new extractor and desolventizer/cooler system **EMI Corp.** of Des Plaines, IL, provided the physical refining system for palm oil recently put into operation by **Guan Soon Heng Edible Oil Sdn. Bhd.** in Taiping, Malaysia. . . . **H.L.S. Ltd.** of Israel is building a 300 metric ton per day sunflower extraction plant for **Willowton Oil & Cake Mills** in South Africa and a cottonseed extraction plant for **Bag Yaglari Sanayii Ve Ticaret T.A.S.** in Turkey; the firm also has started work on a crude cottonseed oil plant for **Omosponida Georgikon Syneterismon Thessalonikis**, Greece; and has contracted for a 250 metric ton per day copra plant for **Noroil** in the Philippines and a sunflower seed extraction plant for **Sealake Industries** in Durban, South Africa. ●
