

ISF/AOCS World Conference

Tentative schedule

A full program of technical, business and social sessions has been developed for the 1980 ISF/AOCS World Congress to be held April 27-May 1 at the New York Hilton in New York City.

While specific schedules remain to be developed, General Chairman and ISF President Peter Kalustian has outlined a tentative program that would begin at 12:30 p.m. Sunday, April 27, with an optional tour for ISF members, and conclude with optional cultural and plant tours on Friday, May 2.

The tentative schedule calls for the International Society for Fat Research and the American Oil Chemists' Society to hold their plenary business sessions late Sunday afternoon, following a trip to the Rutgers Food Science Department at New Brunswick, NJ, by European meeting registrants. An informal mixer reception will be held Sunday evening for all participants.

Monday will begin with a full breakfast plenary session with a distinguished invited speaker, followed by presentation of the AOCS Award in Lipid Chemistry and the acceptance lecture. Technical sessions will be held the remainder of the morning and afternoon. An optional theater party is being considered for Monday evening.

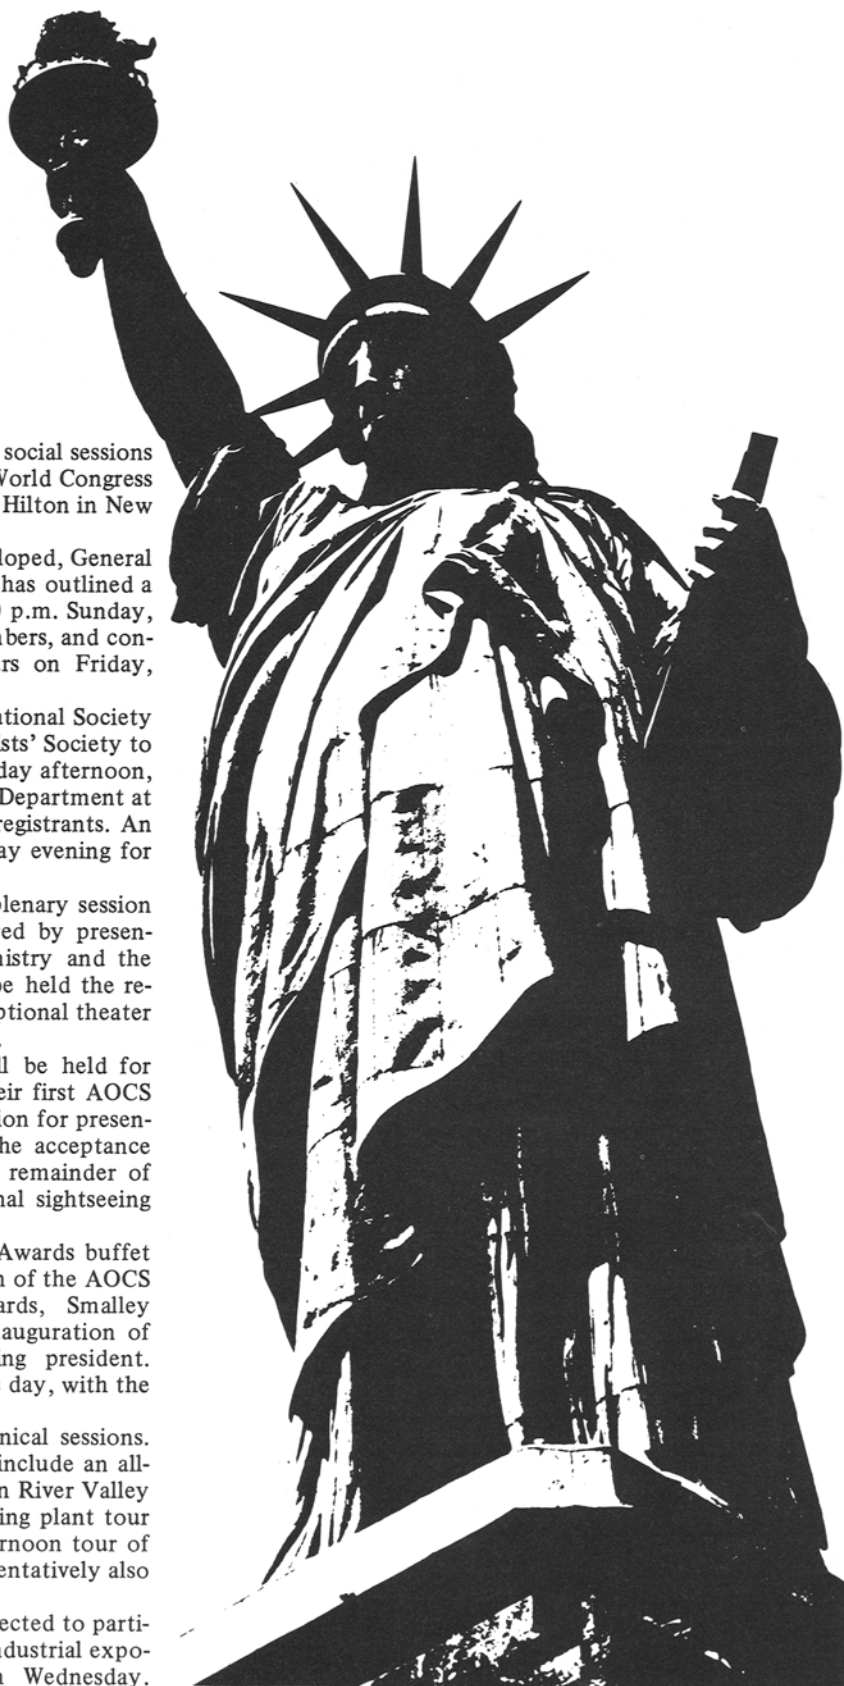

On Tuesday, a continental breakfast will be held for foreign registrants and persons attending their first AOCS national meeting, followed by a plenary session for presentation of the ISF's Kaufmann Award and the acceptance lecture. Technical sessions will be held the remainder of the day, with tentative plans for an optional sightseeing boat trip Tuesday evening.

On Wednesday, the AOCS Inaugural and Awards buffet breakfast will be held to include presentation of the AOCS Award of Merit, Honored Students Awards, Smalley Awards, and Bond Award, as well as the inauguration of new officers and address by the incoming president. Technical sessions will be held throughout the day, with the traditional banquet on Wednesday evening.

Thursday will be devoted solely to technical sessions.

Friday's optional postmeeting tours will include an all-day visit to restorations in New York Hudson River Valley area of Sleepy Hollow and environs. A morning plant tour of the Nabisco facilities in Fairlawn and afternoon tour of the Hoffmann La Roche plant in Clifton are tentatively also planned for Friday.

Between 1,000 and 1,500 persons are expected to participate in the meeting, which will include an industrial exposition that will be open Sunday through Wednesday.

Processing short course speakers named

Ten speakers have been named for the AOCS Short Course on Processing and Quality Control of Fats and Oils to be held April 20-23, 1980, at the Concord Hotel, at Kiamesha Lake, NY.

Short course registration will be held Sunday afternoon, April 20, 1980, at The Concord, with a welcoming reception that evening. Technical sessions will include the following topics and speakers:

- Recovery of Oil from Soybeans, Gus C. Mustakas, USDA Northern Regional Research Center, Peoria, IL.
- Degumming and Refining Operations, Frank P. Khym, consultant, San Antonio, TX.
- Techniques of Bleaching and Filtration, Frank Dudrow, The Rust Engineering Co., Birmingham, AL.
- Utilization of Byproducts from the Refining of Fats and Oils, Karl T. Zilch, Emery Industries Inc., Cincinnati, OH.
- Principles of Lecithin Production and Utilization, William Prosize, Central Soya Co., Fort Wayne, IN.
- Deodorization, Steam Refining and Heat Bleaching, Theodore K. Mag, Canada Packers Ltd., Toronto, Canada.
- Hydrogenation and Winterization, Pushpinder S. Puri, Best Foods, Union, NJ.
- Fractionation of Edible Oils, Peter C. Linnemann, Neumunz Inc., Leonia, NJ.
- Production of Finished Vegetable Fat Margarine and Shortening Products, Edward G. Latondress, McKee Engineering and Construction, Chicago.
- Specialty Fats, Fred R. Paulicka, Durkee Foods, Strongsville, OH.

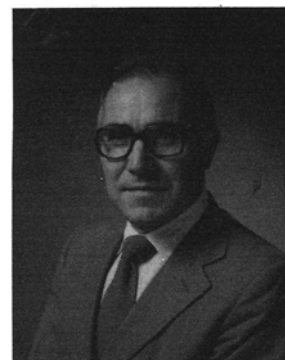

Technical program chairman for the meeting is Timothy L. Mounts, USDA Northern Regional Research Center, Peoria, IL.

Registration fees for the meeting will include double occupancy room and meals from Sunday supper through Wednesday lunch. Cost per person will be \$320 for AOCS members or persons also registered for the ISF/AOCS World Congress to be held the following week in New York City; registration fee for others will be \$335. Single rooms

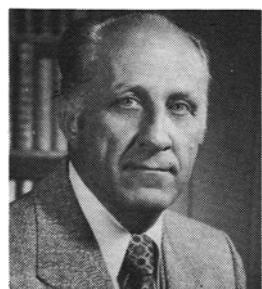

will be an additional \$60. Fee for accompanying spouses will be \$190 per person. Registration forms will be available from the American Oil Chemists' Society, 508 S. Sixth St., Champaign, IL 61820.

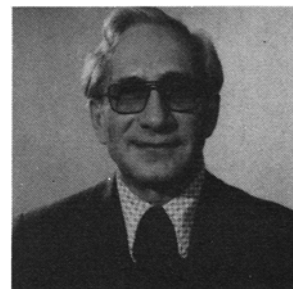

Frank P. Khym

Theodore K. Mag

Karl T. Zilch

Gus C. Mustakas

Eleven speakers named for analytical short course

Eleven specialists from private industry, government and academia have been selected as speakers at the AOCS Short Course on the Applications of Analytical Methodology in Fats and Oils Processing. The short course will be held April 23-25, 1980, at The Concord Hotel at Lake Kiamesha, New York.

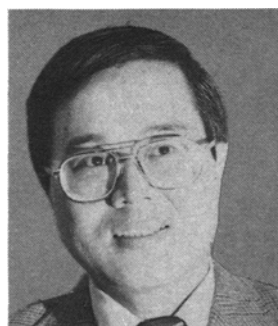

Topics and speakers will be:

- High Pressure Liquid Column Chromatography, Hank Clemente, Waters Associates.
- Application of Mass Spectrometry in Lipid Flavor Study, David B. Min, Ohio State University.
- Wideline Nuclear Magnetic Resonance, Tom Conway, CPC International.
- Pulsed Nuclear Magnetic Resonance, John Witt, Praxis.
- High Resolution Nuclear Magnetic Resonance, Tom Foglia, USDA Eastern Regional Research Center.
- Differential Scanning Calorimetry, Bruce Cassel, Perkin-Elmer.
- Thermal Gravimetry Analysis and Pressure Differential Scanning Calorimetry, Paul Levy, DuPont.
- Methods for Antioxidant Analysis, Richard E. Austin, Eastman Chemical.
- Rheological and Physical Properties Measurements of Fats and Oils Products, John De Man, University of Guelph.
- Capillary Gas Chromatography, Hal Slover, U.S. Department of Agriculture.
- Statistical Methodology, Lynne Hare, Lipton Company.

Program chairmen for the short course are Dr. Min and Dr. David Berner, of Frank Beuckman Inc.

Registration fees include double occupancy room and meals from Wednesday lunch through Friday lunch. Basic fee will be \$275 per person for AOCS members or persons who register for the ISF/AOCS World Congress the following week in New York; nonmembers registration fee is \$295. Single room supplement will be \$40; accompanying spouses' fee is \$150.

Registration materials and further details will be available early next year from the American Oil Chemists' Society, 508 S. Sixth St., Champaign, IL 61820.

David B. Min
