Fats, oils meeting in New Zealand

An International Conference on the Chemistry, Biochemistry and Technology of Fats and Oils, sponsored by the Royal Society of New Zealand, has been announced for Feb. 6-9, 1983, in Auckland, New Zealand.

Details will be available from the conference chairman, S.G. Brooker, c/o Chemistry Department, The University of Auckland, Private Bag, Auckland, New Zealand. Brooker is an emeritus member of AOCS.

"February comes in the New Zealand summer, and is an excellent time for those who would like to see the unique scenic features of the country as well as meeting chemists in their own field," Brooker said in a letter announcing the conference. "This could be the first conference on fats and oils chemistry in the Southern Hemisphere and therefore a unique event in the history of our branch of science and technology." □

Food industry meeting in Hungary

An international symposium on the "Food Industry and the Environment" will be held during September 1982 under auspices of the Hungarian Scientific Society of Food.

Topics will include large agro-industrial concerns, development of waste-free technologies for specific sections of the food industry, water and soil pollution, air pollution, and noise problems.

Further information is available from Commission Internationale des Industries Agricoles et Alimentaires, 35 rue de General Foy, 75008 Paris France; Hungarian Scientific Society of Food Industry, METE, Budapest Pf.5; H-1361, Hungary; or Prof. J. Hollo, Central Research, Institute of Chemistry, Hungarian Academy of Sciences, Budapest, Pf. 17, H-1525 Hungary. □

International directory update

Since the original deadline for the International Directory of Fats and Oils Organizations published in the April *JAACS*, listings with more complete information for several organizations have been received.

The organizations listed below are included in the original directory, but without much information other than name and address. This material supplements those original listings.

AUSTRALIA

Australian Society of Cosmetic Chemists (1964)

P.O. Box 75, Parkville, Victoria, 3052. Tel: 03 267 2233. Director: Peter Strasser, President. Publication: *Australian Cosmetic Science* — quarterly. Meetings: Three or more per year. Members: 350 individuals. A national professional society and academic organization. Special interests: Soaps, detergents and cosmetics. Secondary interests: Fats and oils, analytical methods and fatty acids.

FINLAND

Information Bureau of the Margarine Industry (1962) Margariiniteollisuuden Tiedotuskeskus

Mechelininkatu 8 B, SF-00100 Helsinki 10. Tel: 408 902. Director: Mrs. Kaarina Hilska, leader of activities. Publication: None. Meetings: Three or more per year. Members: 4 organizations. Special interests: Fats and oils, food and nutrition. Secondary interests: Oilseeds.

FRANCE

Interprofessional Technical Center for Metropolitan Oilseeds (1957) Centre Technique Interprofessionnel des Oleagineux Metropolitains (C.E.T.I.O.M.)

174 Avenue Victor Hugo, 75116 Paris. Tel: 505 14 23. Director: M. Emile Chone, Director. Publications: *CETIOM Bulletin* — every 3 months — 10FF a year; *Technical Information* — every 3 months — 50FF a year; *Activities Report* — annually — free; several technical books. Meetings: One per year. Members: 70 individuals. A national and international technical center. Special interests: Oilseeds, food and nutrition and vegetable food proteins. Secondary interests: Analytical methods.

OIL REFINERY MANAGERS

TO REDUCE OIL REFINERY LOSSES by installing and using the original "Oil Refinery Digital Percent Loss Monitor" (or Efficiency Meter) first on the market. The original 1971 design is now even better, providing Electronic Automatic Temperature Compensation and Automatic Moisture Compensation. Drift free, self proving Digital Electronics have easily adjusted Digital Factoring switches for various fluid coefficients. Low cost options to Elliott Loss Monitor includes a Digital Recorder and Data Collection System to control and reduce losses, to Totalize and keep track of production and to automatically cross calibrate flowmeters. A recommended option is our Digital Blending System to precisely control the ratio of oil, caustic and water for better quality control and to eliminate these variables so that Elliott Loss Monitor only indicates the refining loss and not the pressure and flow volumetric upsets to the ratio controls. Start-up assistance by our staff and by our expert oil refinery consultant will make your Elliott Loss Monitor pay off incredibly fast. The Oil Refinery Digital Percent Loss Monitor is a basic tool in any refinery and with present raw material prices you can not afford to be without it.

ISRAEL

Agricultural Research Organization

Volcani Center POB 6, Division of Food Technology, Befdagan 50-250. Tel: 03 940263. Publication: None. Meetings: n/a. Members: Several organizations. A national and international research institute.

THE NETHERLANDS

Association of the Dutch Chemical Industry (1918) Vereniging Van de Nederlandse Chemische Industrie

P.O. Box 80504, 2508 GM, Den Haag. Tel: 070 46 94 22. Telex: 31320 VNCI NL. Director: Drs. A. Willering. Publications: *Handboek voor de Nederlandse Chemische Industrie* — about twice a year — approx. Dfl. 100; *Nederlandse Chemische Industrie (Dutch Chemical Industry)* — once every two weeks — Dfl. 75, Dfl. 125 overseas. Meetings: One per year. Members: 270 organizations. A national and international trade association. Special interests: Fats and oils, soaps, detergents and cosmetics, oilseeds, paints and drying oils and fatty acids/fatty chemicals.

Dutch Association of Paint Technicians (1953) Nederlandse Vereniging van Verftechnici

Oostenrijklaan 43, 2034 BG Haarlem. Tel: 023 343226. Telex: 41714 COTHA NL. Director: Ir. M.F. Kooistra. Publication: *Fatipec Year book* — annually — free. Meetings: Three or more per year. Members: 250 individuals. A national and international professional society (member of Fatipec, European Federation of Paint Technologists). Special interests: Paints and drying oils. Secondary interests: Analytical methods.

International Seed Trade Federation (1924) Federation Internationale du Commerce des Semences

Rokin 50, 1012 KV Amsterdam. Tel: 020 229239. Telex: 10056 SEED NL. Director: Hans H. Leenders, Secretary General. Publications: For members only. Meetings: Three or more per year. Members: 50 countries. An international trade association. Special interests: Oilseeds, food and nutrition, vegetable food proteins and analytical methods.

**Union of Dutch Margarine Manufacturers (1950)
Bond van Nederlandse Margarinefabrikanten**

Raamweg 44, 2596, HN The Hague. Tel: 070 468870. Telex: 32616 OVEMA NL.
Director: Drs. G. Bertsch. Publication: None. Meetings: n/a. Members: n/a.
National. Special interests: Fats and oils, oilseeds and food and nutrition.
Secondary interests: Vegetable food proteins, analytical methods and fatty acids.

NEW ZEALAND

Department of Scientific and Industrial Research (1928)

Private Bag, Wellington. Tel: 729 979. Telex: NZ 3296. Director: Dr. D. Kear,
Director-General. Publication: None. Meetings: n/a. Members: 2000 individuals.
A national government agency. Special interests: Fats and oils, food and nutrition.

NIGERIA

International Institute of Tropical Agriculture (IITA) (1967)

IITA, PMB 5320, Oyo Road, Ibadan. Tel: 413440. Telex: TROB NG 31417.
Director: Dr. E.H. Hartmans, Director-General. Publications: *Annual Report* –
annually – free on request; *Research Briefs* – quarterly – free on request.
Meetings: n/a. Members: n/a. An international research institute. Special interests:
Food and nutrition. Secondary interests: Fats and oils and analytical methods.

PERU

**Agro Industrial Research Institute (1969)
Instituto de Investigaciones Agro-Industriales**

Av. La Universidad N° 595, La Molina, Lima, Apartado Postal 11294. Tel: 351630.
Director: Miguel J. Fort Barcelli, General Manager. Publication: None. Meetings:
One per year. Members: n/a. A national research institute (governmental). Special
interests: Fats and oils, oilseeds, food and nutrition, vegetable food proteins,
analytical methods. Secondary interests: Soaps, detergents and cosmetics, fatty
acids/fatty chemicals.

THE PHILIPPINES

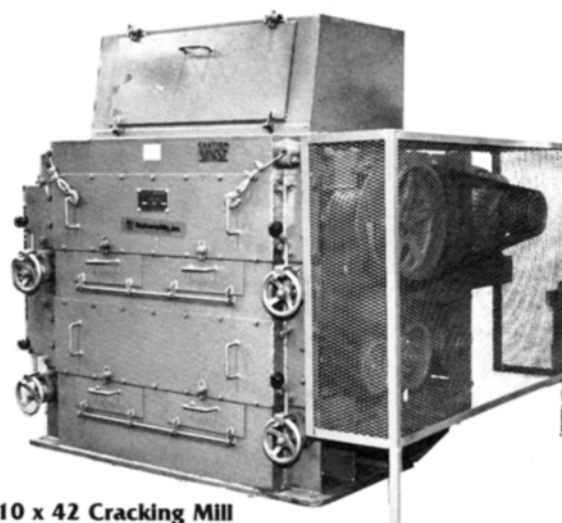

United Coconut Association of the Philippines (UCAP) (1964)

941 Josefa Llanes Escoda, Metro Manila. Tel: 505454. Telex: cable: UNICOCAP
MANILA. Director: The Chairman. Publications: *UCAP Weekly Bulletin* – weekly
– US\$200.00 a year; *Coconut Statistics* – annually – US\$50.00 a copy; *Coconut*

Big Capacity-Big Profit Roller Mills from Roskamp

The high quality rolls and positive, precise quick-change adjustment in the Roskamp-Langhurst Cracking Mill combine with heavy frame construction and careful workmanship to provide uniform particle size with less fines. Get better conversions with the three pair high at 300 tons per day or the two pair high at 240 tons per day. Built-in hoist allows changing 6 rolls in 3-4 hours.

10 x 42 Cracking Mill

JAOCs-81

Statistics – semi-annually – US\$35.00 a copy; Various other studies and books. Meetings: One per year. Members: 12 individuals, 42 corporations, 74 firms. Research Institute, Federation of Trade Associations. Special interests: Fats and oils. Secondary interests: Soaps, detergents and cosmetics, oilseeds, paints and drying oils, food and nutrition, analytical methods, fatty acids and vegetable food proteins.

SWEDEN

The National Food Administration (NFA) (1972) Statens Livsmedelsverk (SLV)

P.O. Box 622, S-751 26 Uppsala. Tel: 46 18 15 22 00. Telex: 76121 SLVIPS S. Director: Arne Engstrom M D, Director-General. Publication: *Var foda* – 10 times a year – 40Skr. a year. Meetings: n/a. Members: n/a. A national government agency/institute. Special interests: Food and nutrition, analytical methods. Secondary interests: Vegetable food proteins, fatty acids/fatty chemicals.

SWITZERLAND

Swiss Society for Nutrition Research (1953) Schweizerische Gesellschaft fur Ernahrungsforschung

Institut fur Tierproduktion, Gruppe Ernahrung, ETH-Zentrum, CH-8092 Zurich. Director: Prof. Dr. H. Bickel. Publication: None. Meetings: Two per year. Members: 200 individuals, 15 organizations. A national professional society. Special interests: Food and nutrition. Secondary interests: Analytical methods.

UNITED KINGDOM

Seed Crushers' and Oil Processors' Association (1972)

6 Catherine Street, London WC2B 5JJ. Tel: 01 836 2460. Telex: 299388. Director: David R. Morgan, Executive Secretary. Publication: None. Meetings: Three or more per year. Members: 20 organizations. A national trade association. Special interests: Fats and oils, oilseeds. Secondary interests: Paints and drying oils.

Margarine and Shortening Manufacturers' Association (1966)

6 Catherine Street, London WC2B 5JJ. Tel: 01 836 2460. Telex: 299388. Director: David Morgan, Executive Secretary. Publication: None. Meetings: Three or more per year. Members: 15 organizations. A national trade association. Special interests: Fats and oils. Secondary interests: Food and nutrition.

National Edible Oil Distributors' Association (1946)

6 Catherine Street, London WC2B 5JJ. Tel: 01 836 2460. Telex: 299388. Director: David Morgan, Executive Secretary. Publication: None. Meetings: Three or more per year. Members: 55 organizations. A national trade association. Special interests: Fats and oils. Secondary interests: Food and nutrition.

WEST GERMANY

Research Institute for Pigment and Paint Technology (1951) Forschungsinstitut fur Pigmente und Lacke e.V.

Wiederholdstrasse 10/1, D-7000 Stuttgart 1. Tel: 0711 29 75 49. Director: Prof. Dr. L. Dulog. Publication: None. Meetings: One per year. Members: n/a. An international research institute. Special interests: Paints, drying oils and pigments. Secondary interests: Analytical methods.
