Well-established Southern California firm needs a refinery **PRODUCTION SUPERVISOR** for animal & vegetable fats and oils. Are you production-oriented? Able to deal with people? A problem-solver? If you have all this and 10 years experience with heavy QA/QC background, we want to hear from you right away! Bi-lingual Spanish is an asset, but not required. Good starting salary & benefits & a chance to work with a GREAT team! Send complete resume & salary history in confidence to Box 267, American Oil Chemists' Society, 508 S. Sixth St., Champaign, IL 61820.

QUALITY ASSURANCE PROJECTS COORDINATOR

Hunt-Wesson Foods, a leading national food processing company headquartered in Orange County, Ca., is seeking a highly trained professional to assume the responsibilities of a Quality Assurance Projects Coordinator in our Refinery Operations Group.

You will coordinate Q.A. facility and product audits, be responsible for the evaluation of manufacturing programs to assure compliance with regulatory requirements and product quality specifications, and initiate/report corrective action as required. This requires interfacing with Operations, Marketing and Technical groups at all levels of management.

We prefer a BS degree in Food Science, Process Engineering, Microbiology or Chemistry with a minimum of 5 years experience in vegetable oil processing. You must possess excellent verbal and written communication skills and be open to national travel.

In return for your professional contributions, we offer a competitive salary and benefits package. Please forward your resume with salary requirements for immediate consideration to:

Ms. Enid Smith
Personnel Representative

CUSTOM SOLVENT EXTRACTION

NORTHERN SUN PRODUCTS CO. offers interim production capability and professional engineering services in the field of solvent extraction.

We are experienced in processing a variety of oilbearing and other materials by direct extraction in our Crown extractor at rates of 7 to 80 tons per day. Higher rates may be practical with some materials.

Our professional engineers can provide consulting services in connection with feasibility studies, scale-up, plant design, and/or start-up assistance.

For further information, write or call:
