## Handbook of Soy Oil Processing and Utilization

AOCS Monograph 8

Edited by

David R. Erickson, Everett H. Pryde,  
Ordean L. Brekke, Timothy L. Mounts  
and Richard A. Falb

Published jointly with the  
American Soybean Association

598 p. Hardbound-\$12

Soy oil technology and market prospects are now at the fingertips in this timely handbook. Equally appropriate on lab bench or library shelf, the book a reference manual for those interested in soy oil processing, the myriad uses of soy oil and its products, and marketing the commodity at present and in the future. Authorities contributing to the volume have included chapter-by-chapter references, and an additional bibliography comprises the glossary. A comprehensive subject index with cross-references allows fast access to information. The Handbook is basic and complete; the price unbeatable.
