What can a MARPAT do?

*...capture both Markush structures
and patent information*

MARPAT[®], the structure-searchable patent database from CAS, gives you online access to chemical patent documents that contain Markush (generic) structures. MARPAT is available only on STN International[®]

Search MARPAT in connection with the CAS REGISTRY File of more than 11 million substances. A patent search in only REGISTRY may not be complete—MARPAT can supply unique answers for specific and generic structures. On STN, you'll find other files important for patent searching as well.

With the information MARPAT provides, who knows? You may just capture the market.

Yes! MARPAT has captured my interest. Please send a brochure and a MARPAT poster—FREE!
