CHEMICAL ABSTRACTS.

KEY TO THE WORLD'S
CHEMICAL LITERATURE[®]

A publication of the CHEMICAL ABSTRACTS SERVICE published weekly by

Δ THE AMERICAN CHEMICAL SOCIETY Δ

ON CAS ONLINE[®]

You know the value of abstracts found in CHEMICAL ABSTRACTS[®] (CA). We've made them even more valuable in electronic form:

- CA abstracts can be **displayed** on CAS ONLINE.
- CA abstract text can be **searched** on CAS ONLINE.
- Molecular structures and substructures are also searchable and displayable in the CAS ONLINE Registry File, providing an efficient link from substance identification to CA abstracts.

By searching the abstract text, **you can find information in CAS ONLINE difficult to get anywhere else**—including physical properties given in the abstract but not indexed in CA.

Remember—CA abstracts can be searched and displayed on CAS ONLINE, available from Chemical Abstracts Service.

Yes, please tell me more about CA abstracts on CAS ONLINE.
