Editorial

- L.J. Gauckler** 2433 ICCPS 11

Powder synthesis

- S. Vichaphund, M. Kitiwan, D. Atong & P. Thavorniti** 2435 Microwave synthesis of wollastonite powder from eggshells
- R. Katoh, M. Ozawa, Y. Ino & A. Kagohashi** 2441 Morphology of CuO through precipitation process under 2.45 GHz microwave irradiation
- S.-C. Wang, R.-K. Chiang & P.-J. Hu** 2447 Morphological and phase control of tin oxide single-crystals synthesized by dissolution and recrystallization of bulk SnO powders
- S. Supothina, R. Rattanakam, S. Vichaphund & P. Thavorniti** 2453 Effect of synthesis condition on morphology and yield of hydrothermally grown SnO₂ nanorod clusters
- Y. Masubuchi, Y. Sato, A. Sawada, T. Motohashi, H. Kiyono & S. Kikkawa** 2459 Crystallization and magnetic property of iron oxide nanoparticles precipitated in silica glass matrix
- S. Hosokawa, S. Imamura, S. Iwamoto & M. Inoue** 2463 Synthesis of CeO₂–ZrO₂ solid solution by glycothermal method and its oxygen release capacity
- Y. Masubuchi, S. Yamashita, T. Motohashi, S. Kikkawa & M. Niederberger** 2471 Magnetite/maghemite mixture prepared in benzyl alcohol for the preparation of α''-Fe₁₆N₂ with α-Fe
- B. Dittert, A. Gavrilovic, S. Schwarz, P. Angerer, H. Steiner & R. Schöftner** 2475 Phase content controlled TiO₂ nanoparticles using the MicroJetReactor technology
- H.-T. Lin, P.K. Nayak, S.-C. Wang, S.-Y. Chang & J.-L. Huang** 2481 Electron-energy loss spectroscopy and Raman studies of nanosized chromium carbide synthesized during carbothermal reduction process from precursor Cr(CO)₆

Powder processing and Sol-gel

- S. Tsukakoshi, K. Itatani & S. Koda** 2489 Properties of silicious film on polycarbonate substrate prepared by vacuum ultraviolet irradiation: Effect of intermediate silane layer
- Y. Nakashima, W. Sakamoto & T. Yogo** 2497 Processing of highly oriented (K,Na)NbO₃ thin films using a tailored metal-alkoxide precursor solution
- F. Guo, I.P. Shapiro & P. Xiao** 2505 Effect of HCl on electrophoretic deposition of yttria stabilized zirconia particles in organic solvents
