

Notice

Fourth Australian Electrochemistry Conference

The fourth Australian Electrochemistry Conference will be held at the Flinders University of South Australia, Adelaide, South Australia, during the period February 16–20 1976, with Professor J. O'M. Bockris as Conference Chairman.

The sessions will emphasize electrochemical contributions in the following areas: energy conversion and storage; materials science and corrosion; utilization of natural resources; environmental sciences; waste treatment and recycling; bio-electrochemistry.

Further information can be obtained from:

Dr T. Biegler, Conference Secretary,
CSIRO Division of Mineral Chemistry,
P.O. Box 124,
Port Melbourne,
Victoria 3207,
Australia.
