

Erratum

R. Srinivasan and C. S. C. Bose, Alternating current impedance studies on oxide films in metal/oxide/electrolyte systems: a modified approach, *J. Appl. Electrochem.* 12 (1982) 487.

The captions of figures 8 and 9 in the above paper were transposed. The correct version is printed below.

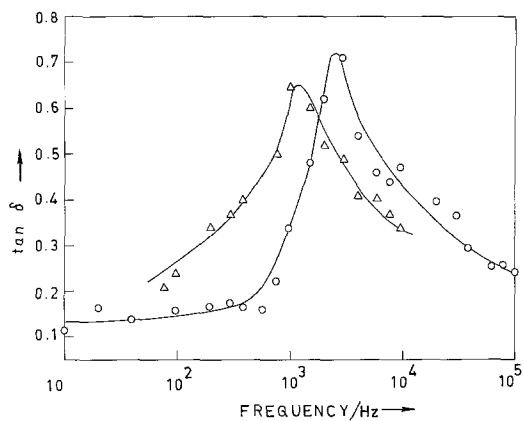

Fig. 8. Dependence of $\tan \delta$ on log of frequency as computed for 130 Å thick oxide film: ○-○ For Al/aluminium oxide/0.5 mol dm⁻³ ammonium tartrate; △-△ for Al/aluminium oxide/1 mol dm⁻³ sodium sulphate.

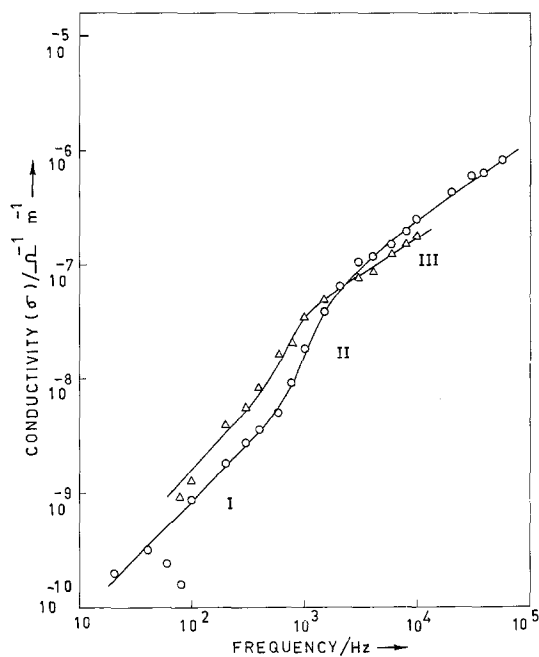

Fig. 9. Dependence of conductivity, σ , on frequency as computed for 130 Å thick oxide film: ○-○ For Al/aluminium oxide/0.5 mol dm⁻³ ammonium tartrate; △-△ for Al/aluminium oxide 1 mol dm⁻³ sodium sulphate.
