**News Item**

---

DECHEMA Deutsche Gesellschaft für Chemisches Apparatewesen, Chemische Technik und Biotechnologie e.V. is for the third time announcing the foundation of the

**Hellmuth Fischer Medal**

This medal is preferentially dedicated to younger scientists for contributions having led to an enlargement of the fundamentals of electrochemistry, corrosion, corrosion protection or to their industrial applications.

Nominations of candidates should be accompanied by a curriculum vitae, reprints of important publications, a list of publications and a short (about 1 page) statement of arguments. Self-nominations will not be accepted.

Nominations should be sent by 31 December 1993 to:

Professor Dr G. Kreysa  
DECHEMA e.V.  
PO Box 15 01 04  
Theodor-Heuss-Allee 25  
D-60061 Frankfurt am Main  
Germany

The final decision will be taken by an expert committee consisting of six distinguished scientists. The medal will be awarded on the occasion of the 6th International Fischer Symposium on Nanotechniques in Electrochemistry, 13–16 June 1994, University of Karlsruhe.
